## U.S. SENATE REJECTS ST. LAWRENCE TREATY

### U.S. Warship Burns In Chinese Pirates' Bay; Crew Is Saved

British Destroyer, Picks Up 139 Sailors and Carries Them to Hongkong; Chinese Ship Rescues 48; Disaster Occurs While U.S. Gunboat on Patrol Against Outlaws in Bias Bay

#### News First Given In Radio Messages

Hongkong, March 15.—Two rescue vessels reported early to-day they had saved 187 men from the United States gunboat Fulton, which burned in Bias Bay, fifty miles northeast of here. It was believed the 187 composed the complete ship's personnel.

The British destroyer Wishart reported she would arrive in port at 8 a.m. with 139 men from the Fulton, including Captain McHenry and his officers. The Chinese steamship Chinan reported she had forty-eight members of the crew aboard.

They started for Hongkong from Bias Bay with the Fulton still burning fiercely.

SHIP STANDS BY  
Another British destroyer, the Whitford, stood by the burning ship after a two-hour journey from Hongkong under forced draft to the rescue of the Americans.

The Fulton and the Wishart had both been on patrol duty against pirates in Bias Bay.

Los Angeles, March 14.—The MacKay radio station at Manhattan Beach received a relayed wireless message reporting the United States naval gunboat Fulton was afire at altitude 22.51, longitude 114.62, east.

The message was relayed by the Dollar Steamship liner President Wilson, and reported picked up from the British radio station at Hongkong.

The message, according to giving the location of the burning war craft, said it "requires immediate assistance."

DEATH DUTIES BILL DRAFTED  
Retroactive Measures Introduced as Government Seeks to Protect Revenue

Six new government bills were introduced as the Legislature swung right into intensive business with the threat of night sessions before the end of the week, which will be long and arduous if the House hopes to rise by Easter.

Re-enactment of the Succession Act and Probate Duty Act on a consolidated basis is asked by Hon. John Hart, Minister of Finance, in a bill which would force all those states which have escaped the levy since the former act was declared ultra vires to pay. Alteration of certain technicalities was made in an attempt to make the act valid.

Premier Pattullo sponsored the bill dealing the Department of Municipalities, of which Hon. A. Wells is the head. This sets up the new link created between the government and municipalities.

An amendment to the Motor Vehicle Act, introduced in the House this afternoon by Attorney-General M. Sloan, will permit owners of cars to attach new licenses to their cars any time during February, instead of waiting until a few days before the end of the month as heretofore.

FOUR PRINCE DIES IN PARIS  
Paris, March 14.—Prince Sixte de Bourbon-Parma, brother of the former Emperor Zita of Austria-Hungary and who negotiated for peace in the spring 1917, died to-day. He was sixty-seven years old.

### COSTLY ERROR ON RAILWAY IN IOWA

When a passenger and a freight train collided head-on north of Dubuque, Ia., the two locomotives were wrecked, as pictured above, and two engines were killed. Another trainman and five passengers, among them Col. Harold MacNider, former U.S. Minister to Canada, were injured. One passenger coach was derailed and five freight cars damaged.

### British Envoy Says Hope Still Seen In Disarmament Field

Rt. Hon. A. Eden Tells Commons European Situation Causes Great Anxiety, But He Denies War Is Imminent

By George Hambleton, Canadian Press Staff Writer  
London, March 14.—The curtain was raised over a troubled Europe with words of hope in the House of Commons this afternoon as Rt. Hon. Anthony Eden, Lord Privy Seal and expert disarmament emissary of the British government, gave impressions of his recent mission to European capitals.

While Capt. Eden did not seek to hide what he himself called the "dark realities," he rejected any idea war was imminent.

"I do not believe," he declared, "that anxious as it is, the situation is desperate. It is not so."

"It would not be correct to say the British initiative in disarmament had yet bridged the gap between Germany and France," Capt. Eden continued. "Nevertheless the gap had been narrowed."

Replies from Italy and Germany to all the British memoranda had been received and that from France was still awaited. Until they were received and the governments concerned had given their consent, it was not possible to give details, but Capt. Eden added, "While there is a (Turn to Page 2, Col. 6)

### Ottawa Inquiry Into Prices Of Tobacco

Committee of Commons Will Look Into That Field, Says Chairman Stevens; Alberta Retail Secretary Heard

Ottawa, March 14.—An investigation into tobacco prices will be conducted by the business inquiry committee of the House of Commons, it was announced to-day when it resumed sitting. The chairman, Hon. H. H. Stevens, Minister of Trade and Commerce, made the announcement, but did not indicate how or when the inquiry would be started.

"A. C. MacKay, of Calgary, secretary of the Alberta provincial board of the Retail Merchants' Association of Canada, the first witness to-day, described the plight of small retailers in Alberta. He said 6,000 small storekeepers outside Calgary and Edmonton, carried \$46,000.00 in debts on their books. Farmers could not get their goods, and the retailers had to carry the burden."

### Proposed Agreement With Canada Fails To Get Needed Majority For Ratification

#### HUNDRED MEN KILLED BY BLAST

New York, March 14.—One hundred men were reported killed to-day in a dynamite explosion at La Libertad, El Salvador, according to a message received in the New York office of the All-America Cable Company.

#### NAVAL HEADS WILL CHANGE

Commander G. C. Jones Expected to Succeed Commander Beech Here in May

Commander George C. Jones, R.C.N., it is reported from Ottawa, is to be named commander-in-charge of the West Coast division of the Royal Canadian Navy, with headquarters at Esquimalt, succeeding Commander W. J. R. Beech, R.C.N., who has been acting senior naval officer since Commander V. G. Brodeur, R.C.N., left for England at the end of January. The appointment is expected to be confirmed in a few days.

Commander Jones is now in the West Indies, in charge of H.M.C.S. Sicca, which, with H.M.C.S. Vancouver, (Turn to Page 2, Col. 3)

#### HUGE LICENSE FEE DEMANDED

Retail Merchants Make Strong Plea For Control of Chain Stores

Demanding legislation imposing a scale of license fees on chain stores, increasing at a rapid rate up to as high as \$1,000 a store, a strong delegation of retail merchants of the province this morning met the provincial cabinet.

Chain store competition would drive many of them out of business before the next session unless an act were passed, the delegation claimed. The Premier told them the matter was already under consideration and that the government had every sympathy with their position.

A draft bill was presented to the cabinet. It prescribed a scale of license fees starting at \$2.50 for one store and increasing by rapid jumps up to \$1,000 a store when twenty stores were operated under single direction.

Both the Fraser Valley Retail Association and the Union of B.C. Municipalities forwarded resolutions urging regulation of chain stores in favor of the resident merchants.

Speakers for the delegation included Fred Sanguine, Vancouver, on behalf of the British Columbia division of the Canadian National Jewellers' Association; Donald Stuart, Vancouver, on behalf of all merchants of the province; A. T. Hamilton, Surrey; C. A. Welsh and W. (Turn to Page 2, Col. 3)

### Economic Council Has Real "Teeth"

Shows Definite Intention of Government to Implement Ideas, Says Member

Government Accepts Responsibility For Wide Powers in Bill

"This government will not hesitate to be responsible for everything it does, and for everything it has pledged itself to, including 'work and wages,'" declared Premier T. D. Pattullo in the House yesterday when the Economic Council bill was under fire in some of its phases.

"The point of this new council is this," he explained. "Before proper judgment can be exercised a person must know the facts and I believe the council can do much to co-ordinate a large amount of the information which we already have. The members of the government have not the time to do this work, but it must be handled by someone properly equipped."

As far as the size of the body was concerned, he would have been inclined to favor a smaller number than ten, but this had been decided to be sure of having every viewpoint represented.

REALLY HAS "TEETH"  
The Bill was given second reading after members on both sides of the House had participated in the debate on G. McGeer, K.C., had brought out that, contrary to assertions of C.C.P. members, the measure really (Turn to Page 2, Col. 1)

Man Faces Trial On Threat Charge  
Vancouver, March 14.—Harvie Holliday, twenty-five, boxer, has been booked at police headquarters on a charge of intimidating a crown witness. He was arrested in a pool room here yesterday on the charge based on alleged threats reported by him February 5 against Inspector J. F. C. Vance, head of Vancouver police bureau of science.

### Despite President Roosevelt's Request It Be Approved, Treaty Draft Receives Only 46 Votes, While 42 Votes Cast Against It in U.S. Upper Chamber, Where Two-thirds Necessary For Ratification

#### Debate in Commons At Ottawa Soon

Canadian Press and Associated Press  
Washington, March 14.—The United States Senate, by a vote of forty-six for ratification and forty-two against, to-day refused to ratify the St. Lawrence Waterway treaty negotiated by the Canadian Government, headed by Prime Minister Bennett, and President Herbert Hoover, and supported by the administration of President Roosevelt. The vote was more than a dozen short of the two-thirds necessary to ratify the treaty and place its fate in the hands of the Canadian Parliament.

#### DEBATE AT OTTAWA

Ottawa, March 14.—Failure of the United States Senate to ratify the St. Lawrence Waterway project will probably be a matter for discussion in Parliament here. So far no comment has been obtainable from government sources.

Throughout the negotiations it was explained the United States had led the way. Possibly the Senate would not ratify the treaty because it was not obtainable from government sources.

The possibility of Canada going ahead with the project on her own has never been canvassed in any considerable extent in this country.

Mr. Roosevelt had urged ratification in two communications to the United States Senate as a step toward opening up vast interior areas of the United States to ocean commerce and providing cheap electricity for his own state of New York, but the opposition of a large group of Democrats and Republicans proved too strong.

TO RETURN MEASURE  
To-day, only a short time before the treaty vote, he told reporters he would not try to get the treaty back for reconsideration when there is time. The giant waterway was going to be built anyway and he feared failure of ratification would place the heavy burden entirely under Canadian control.

To reach the vote, treaty opponents withdrew all reservations to the resolution of ratification, paving the way for a clear-cut vote on the pact without strings.

The roll call on the ratification resolution was as follows:  
For ratification—Ashurst, Bachman, Bankhead, Barkley, Black, Bone, Brown, Bullock, Byrnes, Cogan, Dill, Duffy, Erickson, Gore, Harlan, (Turn to Page 2, Col. 5)

### NEW AIR POLICY IN UNITED STATES

Washington, March 14.—President Roosevelt is shaping a new national aviation policy which will include not only the air activities of the army and navy and marine corps, but the customs, internal revenue and commerce branches as well.

### Work For Million Is Sought in U.S.

Washington, March 14.—Potential employment of possibly 1,000,000 workers in the heavy industries has inclined the administration to a "favorable" attitude on Federal Reserve Board plans for a special system of United States industrial banks.

Secretary Henry Morgenthau and Governor Eugene Black of the reserve board advanced the project for a new banking chain to supply capital funds to small industries.

### MAN KILLED BY BULL

Unity, Sask., March 14 (Canadian Press).—Richard Swarbrick, district farmer, was killed here when he was gored by a bull while pasturing his cattle.

## Commons Hears Claim of B.C.'s Fishermen

(Continued from Page 1)

**PAID SINCE 1871**  
The fishery payments originated in compensation paid by the United States to Canada under the Treaty of Washington in 1871, the year the far western province joined confederation. In 1878, the fund was set aside for Maritime fishermen on the principle that they had surrendered the rights and were entitled to the compensation. Many times since then the claims of British Columbia have been heard unsuccessfully.

Mr. Neill claimed it was unjust British Columbia got no share in this award as, in his opinion, there was no intention that it would go exclusively to the eastern coast fishermen.

**W. DUFF SPEAKS**  
William Duff, Liberal, Antigonish, N.S., declared it had long been established and accepted that the award was for Atlantic Coast fishermen only. "Every year the honorable member gets up and protests that British Columbia should get a share of this award," said Mr. Duff, "but British Columbia has never received a share in it and never will, and my honorable friend might as well understand that because they have no right to it."

Other maritime province members, both Liberal and Conservative, strongly disputed the claim of British Columbia.

The discussion was staged during consideration of the fisheries department estimates.

**GRANT TO ORGANIZATION**  
A grant of \$4,500 to the United Maritime Fishermen brought sharp criticism from Mr. Neill, who wanted to know why no such grant was paid to any of the British Columbia fishermen's organizations.

The reply from Hon. Alfred Durand, Acting Minister of Fisheries, was that no Pacific Coast organization had sought such a grant.

The item was passed.

## Economic Council Has Real "Teeth"

(Continued from Page 1)

did have "teeth" through the final provision empowering the Lieutenant-Governor-in-Council to implement recommendations of the Economic Board.

L. Arnold Hanna, Liberal, Comox, described the lack of co-ordination in industry and between industry and labor. Frank discussion by the representatives of these groups, more in the style of a round table conference, was greatly needed. He would have rather seen only five on the council in the belief that ten might make it unwieldy and was strongly opposed to a suggestion made by A. M. Manson, E.C., that a member of the government should be on the board as this might hamper the body in its recommendations.

"It has been said there are no teeth in the bill," he said. "Teeth suggest a biting situation, and we don't want that. I might mention that there are certainly no teeth in the title 'Co-ordinating Commonwealth Federation'."

Harold E. Winch, C.C.F., Vancouver East, reiterated the C.C.F. claim there was no teeth in the bill, although they were in accord with the spirit of the act.

**TOUGH MORSEL**  
"Remember," he said, "There are

no teeth in the bill, although they are in accord with the spirit of the act."

He also said a word of praise for Professor Carrothers as a man better equipped than any business man to lead the effort to lead and guide the economic council.

"I think this is one of the bills that has real possibilities," he concluded, ending the debate.

## Ottawa Inquiry Into Prices Of Tobacco

(Continued from Page 1)

The modern system of production and distribution could not long survive unless ample means of purchase constantly reached the hands of the consumers, said the witness. If, on the other hand, the value of the products, they automatically forcing out of business employers of labor and manufacturers and retail merchants.

When "low leaders" were sold to the public at a price which was below their value or fair selling price, namely, the cost of production plus cost of handling, with reasonable compensation for services rendered, other merchant vendors of the same class of merchandise must come down to that selling price or suffer misrepresentation to the buying public, said the witness.

The impression created in the minds of the public was that the fair and proper selling price of the goods in question was the price quoted by the stores putting them on, while the prices asked by the independent merchant were excessive.

The evil, however, went much beyond the injury suffered by the independent retailer, because it very definitely set the price which producers would be able to get in the community for produce which they had to sell, said Mr. MacKay. This was of vital interest to farm producers.

**CALGARY SALES**  
The witness gave illustrations of "low leader" practices of some large stores he knew, to the detriment of retailers. In the 1933 grape season, one of the stores in Calgary advertised grapes at twenty-nine cents per pound, when the cost to the retailer was forty-one cents, he said. The merchant purchasing the grapes to resell required to charge forty-three or forty-four cents per pound. Mr. MacKay cited the following instances of advertising:

December 27 and 28, Christmas, wholesale cost to the retailer, nineteen cents per pound, advertised and sold by certain stores at eighteen cents per pound.

January 13, shoulders of pork, cost eleven cents, advertised at ten cents per pound. Spare ribs on a four-pound basis, cost to the trade twenty-four cents per pound, advertised and sold at forty-seven cents.

February 7, No. 1 picnic hams, cost fourteen cents, advertised at thirteen cents.

Mr. MacKay told the committee chairman independent merchants could stay in business and compete if all stores were prohibited from selling goods below cost, and if trade discounts were placed on a volume basis, without bonuses.

The committee will sit to-morrow. Rubber manufacturers will be investigated before the committee. Hon. H. H. Stevens intimated, especially through their trade organization, the Dominion Rubber Association.

That association, said Mr. MacKay, is a rubber industry and dictates prices. An Alberta order from fifty or seventy-five merchants, offering cash for two or three carloads of footwear, had been refused by a Winnipeg jobber list of customers set by the association, said Mr. MacKay.

## CONFERENCE IN ROME TO-DAY

Premier Mussolini Talks  
With Visiting Austrian  
Chancellor

Associated Press

Rome, March 14.—Square jawed Benito Mussolini, Premier of Italy, and the dapper "Napoleon of Austria," Engelbert Dollfuss, sat down in the Venezia Palace to-day for the first of a series of conferences that may write history.

A third government leader, Premier Jozsef Gombos of Hungary, was not present as the meeting began. It had been understood the three would seek in three-cornered talks a solution of Austria's and Hungary's economic and political problems. To-day it became known that the three would discuss the possibility of a common front in Europe as a whole.

The three hope before Thursday evening to reach an agreement which, while proving mutually advantageous, immediately, eventually may serve the ends of peace and better times in Europe as a whole.

## BIG NEW FLYING BOAT TO BE TESTED

New York, March 14.—The United States entry in the race for international air transport supremacy, a giant "clipper ship" with an expected non-stop flying range of 2,500 miles, ready for its first trial run through the clouds. The new four-motored flying boat is designed to meet the requirements of transoceanic flying.

## New Blood In Seattle Council

Mayor J. F. Dore Fails of Re-election; C. L. Smith Will Head Administration

Associated Press

Seattle, March 14.—Seattle voters have responded to demands for "new blood" in the city government.

Only two of the seven city officials who sought another term were successful in Tuesday's biennial election. Mayor John F. Dore, sponsor of a drastic economy programme, was defeated by Charles L. Smith, former assistant corporation counsel. Complete returns gave Mr. Smith 62,093 votes and Mayor Dore 46,652.

Mr. Smith will take office on Monday, June 18.

**NO DAYLIGHT SAVING**  
The daylight saving proposal tried out here last summer, was overwhelmingly defeated, with 48,935 against and 32,490 for, in the 508 precincts.

The three new councilmen will be David E. Lockwood, at the age of twenty-seven, the youngest man ever elected to the council here, and James H. McCall, at the age of thirty, and a third, the name of which is not yet known.

James H. McCall, former councilman, and Austin E. Griffiths, former Superior Court judge.

## Soviet Aviators In Manchukuo

Japanese Military Officials  
Question Two Fliers Who  
Made Forced Landing

Associated Press

Tokio, March 14.—The Foreign Office to-day announced two Soviet aviators who made a group landing in Manchukuo would be questioned regarding why their plane, a light bomber, was flying over territory of the Japanese protectorate empire.

The fliers, who a War Office announcement said had been held by authorities in Manchukuo since their plane crashed last July, will be taken to Haining, the capital, to be questioned at Japanese general headquarters.

Japanese officials said the Russian aviators came down in the Mishan district, north of Lake Hanko, a district near the border of Soviet Russia's Maritime Province, north of Vladivostok.

**MOSCOW NOT INFORMED**  
Moscow, March 14.—The Soviet Foreign Office declared to-day it had received no information concerning Japanese reports a Russian plane had landed in Manchukuo and that its two occupants were being held by authorities there.

## MORE PAY FOR AUTO WORKERS

(Continued from Page 1)

employed in the Toronto branch assembly plant. The increase in the minimum wage rate in Canada is concurrent with a similar increase for employees in the United States plants.

**BUSINESS GAINS**  
The action of the Ford Motor Company of Canada Limited in increasing minimum factory wages rates from 84 to 85 a day signifies an emergency move to meet the requirements of the act, but does not override any court judgment that no such judgments had been given.

## NAVAL HEADS WILL CHANGE

(Continued from Page 1)

ver, also of Esquimalt, is engaged in naval manoeuvres with the British fleet. The Esquimalt and the Vancouver will return to Esquimalt late next month, after which Commander Jones will come ashore to assume his new position. Commander Jones is a son-in-law of Lieut.-Governor J. W. Forth.

That association, said Mr. MacKay, is a rubber industry and dictates prices. An Alberta order from fifty or seventy-five merchants, offering cash for two or three carloads of footwear, had been refused by a Winnipeg jobber list of customers set by the association, said Mr. MacKay.

## HUGE LICENSE FEE DEMANDS

(Continued from Page 1)

Jacobson, New Westminster; Harry Burr, chairman of the delegation; T. F. McDowell, chairman of the Vancouver delegation; Harry G. Johnston, collector for merchants and interested municipalities of the Fraser Valley; H. Lane, reeve of Mission; Fred McKenzie, Chilliwack; T. Ainsworth, Vancouver; J. Fuller, Langley; F. Green, on behalf of the Nanaimo merchants; Morse Hatt, Victoria; V. A. Johnston, Victoria; and P. Benedit, Abbotsford.

Investigated before the committee. Hon. H. H. Stevens intimated, especially through their trade organization, the Dominion Rubber Association.

## ATTENTION PACT EFFECTS FALL

Negotiations For British-Japanese Market Agreement Break Down

Canadian Press and Associated Press

London, March 14.—A definite breakdown of the cotton marketing negotiations which have been dragging on here for weeks between British and Japanese textile interests was announced to-day.

Sir Thomas Barlow, speaking for the Lancashire interests conducting the negotiations for Great Britain, said: "We cannot carry on discussions any further and shall report to the government."

The discussions were intended, at least as far as the British representatives were concerned, to reach an agreement on outstanding problems arising from the keen competition between British and Japan in the world's cotton export trade.

However, the Japanese insisted the discussion be limited to the markets in Great Britain and her crown colonies, rather than in the world as a whole as the Lancashire negotiators intended.

The conversations apparently were discontinued as a result of this failure to find a common basis for discussion.

## U.S. Senate Rejects St. Lawrence Treaty

(Continued from Page 1)

Opponents against—Adams, Bailey, Byrd, Clark, Connally, Coolidge, Copeland, Dieterich, George, Lewis, O'Connor, Long, McCarran, McGill, Seely, Overton, Reynolds, Russell, Sted, Tydings, Wagner and Walsh—42.

Republicans—Borah, Clapper, Coughlin, Cutting, Fess, Fraser, Gibson, Johnson, Lofellette, Norris, Rye, Robinson of Indiana, Schall and Vandenberg—14.

Farmer Labor—Shipstead—1. Total for ratification—46.

**OPPOSING VOTES**  
Democrats against—Adams, Bailey, Byrd, Clark, Connally, Coolidge, Copeland, Dieterich, George, Lewis, O'Connor, Long, McCarran, McGill, Seely, Overton, Reynolds, Russell, Sted, Tydings, Wagner and Walsh—42.

Republicans—Borah, Clapper, Coughlin, Cutting, Fess, Fraser, Gibson, Johnson, Lofellette, Norris, Rye, Robinson of Indiana, Schall and Vandenberg—14.

Farmer Labor—Shipstead—1. Total for ratification—46.

The vote showed the opposition obtained more than a dozen more votes than necessary to defeat the pact.

**PRESIDENT'S VIEW**  
Before the Senate started its vote to-day President Roosevelt said the St. Lawrence Waterway would be built by the federal government.

He explained the tax proposal would be submitted to the B.C. Beaver River Association at Kamloops this month.

This was the feature of the hearing before the committee to-day on the spread between the retail meat prices and those received by producers.

Dr. J. J. Gillis, Liberal, Yale, quoted a list of figures on the price spread in eastern Canada and in the west. Where in Ontario in 1931, the difference was from 5.61 cents to 12.26 cents, the spread between Calgary producers' prices and Vancouver wholesale was from 4.08 cents to 12.46 cents.

Charles Vlek of the Chilco Ranch, Frank Ward of the Douglas Lake Cattle Company, R. H. Helmer, Nicola, and A. D. Peterson of Delta and Professor King of the livestock department of the University of British Columbia, appeared before the committee.

They described the difficulty beef producers were having in getting a price for their product which would pay for the cost.

**"PRICE FIXING"**  
"I am not saying anything about the packers but I do know we are practically forced to deliver our beef to the packers' plants at Calgary prices and we receive no preference for the difference in freight rates from that point," said Mr. Peterson. He said he had heard it rumored the prices were fixed in Toronto but could not say definitely.

"But you have a strong suspicion?" asked D. McPherson, Grand Forks, Greenwood.

"Yes," replied Mr. Peterson. Both Mr. Vlek and Mr. Ward agreed they could not produce beef for less than five cents a pound.

**RECEIVED AS HOPELESS**  
Felling the crack of the Roosevelt whip over the heads of Senators from the sections disinterested, or as in the case of the New England and the Mississippi states, hostile, leaders of the fight for ratification, and later considered their case hopeless.

Key Pittman of Nevada, who presented the administration's position, and the first message of President Roosevelt warmly advocating ratification, followed by favorable reports from governmental departments, was apparently not pressed on senators by the hands of Senator from Illinois.

Strong opposition developed from Illinois and Missouri. Senator J. Hamilton Lewis of Illinois inveighed against the provision in the treaty which would allow some measure of disarmament and face the realities of the present time—in short, a disarmament convention on the basis of the recent British memorandum.

Secondly, to seek to restore to the League of Nations that full authority which it could only enjoy from the active membership of all the great powers of western Europe.

**HALIBUT SALES**  
Prince Rupert, March 14 (Canadian Press).—Halibut sales: American, 108,000 lbs., 6.5 and 4 to 7 and 4; Canadian, 65,500 lbs., 6 and 4 to 6.5 and 4.3.

**FOUR LOSE LIVES**  
Indianapolis, March 14 (Associated Press).—Mrs. Edna Finch and three of her children, were burned to death in a fire at their home here yesterday.

**MEAT TAX  
ADVOCATED**  
(Continued from Page 1)

the province is from Alberta," he said.

He explained the tax proposal would be submitted to the B.C. Beaver River Association at Kamloops this month.

This was the feature of the hearing before the committee to-day on the spread between the retail meat prices and those received by producers.

Dr. J. J. Gillis, Liberal, Yale, quoted a list of figures on the price spread in eastern Canada and in the west. Where in Ontario in 1931, the difference was from 5.61 cents to 12.26 cents, the spread between Calgary producers' prices and Vancouver wholesale was from 4.08 cents to 12.46 cents.

Charles Vlek of the Chilco Ranch, Frank Ward of the Douglas Lake Cattle Company, R. H. Helmer, Nicola, and A. D. Peterson of Delta and Professor King of the livestock department of the University of British Columbia, appeared before the committee.

They described the difficulty beef producers were having in getting a price for their product which would pay for the cost.

## O.K.! Here are your SWAGGER SUITS

With All the New Details!  
At the Price You Want to Pay!

## BLAST CASES IN HOSPITAL

Two Men Injured By Explosion at Port Alberni Are Recovering

Canadian Press

Ottawa, March 14.—The government was urged in the Commons yesterday by H. B. Short, Conservative, Digby-Annapolis, to spend more money advertising fish as a food. He believed \$40,000 spent on advertising in newspapers and periodicals would be money well laid out and asked the Minister of Fisheries, Hon. Alfred Durand, to consider making such a publicity campaign in the supplementary estimates.

The minister said he would take the suggestion into consideration.

## Federal Funds For Fish Advertising

Two Men Injured By Explosion at Port Alberni Are Recovering

Associated Press

Port Alberni, March 14.—Two employees of the Alberni Pacific Lumber Company are in hospital as the result of an explosion yesterday while they were tamping blasting powder in a drill hole on the right of way near the company's camp. They are expected to recover.

The men are A. Person, 2764 Dundas Street, Vancouver, and Joe Hanra, also of Vancouver.

Mr. C. Thomas was rushed to the camp in a speed boat and administered first aid. He then brought the two men to hospital here.

Vancouver, B.C., or B. C. TAYLOR,  
1405 Fourth Avenue, Seattle.

## Federal Commission's Out- lays From April 1 to Dec. 31, 1933, \$732,342

Canadian Press  
Ottawa, March 14.—An interim report of the Canadian Radio Broadcasting Commission is before the House of Commons. It was tabled yesterday afternoon by Hon. Alfred Durnan, Minister of Marine and Fisheries. A meeting of the special committee of the Commons has been called by Hon. Raymond Morand, chairman, for Friday to study the report.

The total expenditures of the commission from April 1 last to the end of the calendar year were \$732,342. The expenditures were divided as follows: Salaries, \$102,156; new construction, \$27,923; administration, \$55,776; equipment, \$45,761; rental and leases, \$75,945; new lines, \$197,222; programmes, \$229,556.

The report dealt with the activities of the commission during the last year, the development of programmes—musical, educational, special features, news bulletins, exchange of programmes with United States broadcasting companies and British Empire broadcasts.

### UNIFYING FACTOR

"National radio," the report summarizes, "has provided a medium of daily communication between the provinces that will have a gradually increasing influence in uniting the Canadian people more closely in a spirit of national fraternity and common understanding. Obviously national radio is an effective instrument in nation building."

The significance of Canadian programmes by Canadian artists being heard simultaneously throughout Canada daily, and the fact also that programmes are being presented from leading centres in every part of Canada, is very impressive.

"What was accomplished in 1933 is but the beginning of a system of national radio that will be of incalculable service to the people of this country."

Hector Charlesworth, chairman, and the other members of the commission will probably appear before the Commons committee to explain the year's activities. Witnesses from various parts of Canada with suggestions will likely be summoned.

**BOY HIDDEN TO  
FOIL ABDUCTORS**  
Associated Press  
Los Angeles, March 14.—Eight-year-old Alvin Factor, son of John ("Jake the Barber") Factor, Chicago, had been moved to a secret hiding place today by his uncle, Robert Cowan, while authorities investigated a reported plot to abduct the boy.

## WILL BE HEARD BY BANKING COMMITTEE OF THE COMMONS

SIR HERBERT HOLT  
President of the Royal Bank.

When the Commons banking committee gets down to its task of studying clause by clause the bills extending the charters of the banks in Canada for ten years, the presidents pictured above and others are expected to be asked to appear and make statements and answer many questions. The committee is called to meet next Tuesday.

## PRAIRIE WHEAT CONTROL BOARDS ARE PLANNED

**Commons Told By Premier  
Bennett of Scheme to Be  
Put in Form of Provincial-  
Federal Legislation**

Ottawa, March 14.—The House of Commons today had an outline of Canada's participation in the world wheat agreement. Premier Bennett yesterday afternoon having made a statement indicating the steps being taken by the prairie provinces, working in conjunction, to set up enabling legislation to restrict Dominion wheat exports, if crop conditions render such action necessary.

Mr. Bennett told the House, in brief, that:

The three prairie provinces were now presenting in their respective legislatures, measures to set up emergency wheat boards to license and restrict within the provinces the sales and deliveries of wheat.

Power would also be sought for any or all of the wheat provinces to establish a similar board jointly with the Dominion.

The federal parliament would be invited to pass such legislation to authorize the Dominion Government to co-operate in forming a joint board.

Immediately after the legislation is passed by the provinces, the governments of those provinces would be empowered to act by order-in-council if necessary before the wheat boards are established.

**RUSIA'S QUOTA**  
Russia's quota will likely be settled at a meeting of the world wheat advisory board to be held in Rome, April 5.

Canada's quota for 1934-35 is reckoned on the average acreage sown in 1931-32-33, and the average annual yield over the last ten years.

The Dominion Government had not speculated in wheat, but had purchased surplus supplies to support the market, which would have collapsed without such support.

**QUESTION FROM PRAIRIES**  
The Prime Minister's statement was in response to a query from E. J. Young, Liberal, Weyburn, Sask., made a fortnight ago with reference to conflicting reports of the method by which the quota was arrived at, and rumors of a supplementary agreement which had not been made public.

Although the agreement as signed might be open to a different construction, Mr. Bennett said, the representatives present at the conference accepted the basis of reckoning the quotas as the average acreage sown over a three-year period ending with 1933, and on the average annual yield over a ten-year period.

The agreement fails to mention the ten-year period and gave the impression to some members of the House that both the acreage and yield were for a three-year period, which would make a great difference in Canada's quota because of the small yield in the three years mentioned, around twelve bushels to the acre, as compared with seventeen and one-half bushels for the longer period.

### MARKET SUPPORT

Speaking of prices and federal government support, Premier Bennett said:

"Prices have not been maintained at a fixed level, but rather they were supported, particularly during the season of the year when farmers were, from necessity, forced sellers of their production in order to meet the demands and needs of their creditors. Export demand, at such times, was utterly inadequate to absorb the farmers' sales, as it always had been throughout past years, and owing to world excessive supplies, speculative as well as investment buyers, who in normal times were purchasers of wheat, were practically non-existent."

"Under these circumstances, the government has enabled the Canadian Co-operative Wheat Producers Limited to purchase all grain that was not otherwise sold. Had it not done so, what would have been the position of the wheat market to-day? The farmer would have hauled his grain to the elevator, would have been unable to sell it and there it would have remained and finally would have been backed up on to his farm, and you would have had absolute chaos, which would have been destructive to the economic life of Canada. There has been no speculation in wheat, and the wheat that has been bought is now being held and sold as demand opens, not for speculation but for export."

**PRAIRIE LEGISLATION**  
Winnipeg, March 14.—Canada's major wheat-growing provinces were moving today to enact legislation designed to implement the London wheat agreement reached last year.

In this city Premier John Bracken was scheduled this afternoon to move for introduction of a wheat agreement bill in the Manitoba Legislature.

Yesterday Premier J. E. Brownlee of Alberta, at Edmonton, and Provincial Treasurer M. A. MacPherson of Sas-

katchewan, at Regina, introduced wheat marketing bills in their respective legislatures.

The bills brought down at Edmonton and Regina, and that which Premier Bracken is sponsoring, correspond in each case provision is made for a wheat control board or boards. In its main outlines, the legislation in the three provinces provides for establishment of an emergency wheat control board; invests the board with the power to regulate, by license or otherwise, sale and purchase of wheat during the forthcoming crop year from August 1 next until July 31, 1935; empowers the provinces to make agreements with each other or with the Dominion for establishment of a central marketing board, and permits steps as are necessary to effectuate the intention of the agreement.

**ALBERTA BILL**  
The legislation introduced in Alberta provides that province's board with power to take possession, sell and deliver to purchasers wheat stored anywhere in the province. The board may require that any wheat sold or purchased in Alberta shall be delivered to the board or its order.

**SASKATCHEWAN BILL**  
The Saskatchewan bill entitled "The Control Marketing of Wheat Act" provides power to enter into contracts or agreements of any kind with respect to the purchase, sale, handling, transportation, storage and insurance of wheat, and to determine what constitutes delivery or possession. It allows persons holding permits to grant farmers' wheat to such an amount and on such terms as it deems advisable, and to limit the amount anyone may have granted.

## Life Sentences For Abductors

"Owl" Banghart Sentenced  
at Chicago; M. Strewl Con-  
victed at Albany, N.Y.

Associated Press  
Chicago, March 14.—In six states kidnappers within a few hours have found out what it means when the law "bears down."

A Chicago jury quickly found Basil Hugh ("The Owl") Banghart guilty Tuesday of participation in the John Factor abduction and fixed his punishment at ninety-nine years' imprisonment. Three other members of the gang, Roger Touhy, Gustave Schaeffer and Albert Kator, face the same sentence. Charles "Ice Wagon" Connors was slain Tuesday.

At Albany, N.Y., Manny Strewl was convicted of the kidnapping of John J. O'Connell Jr. and will receive a mandatory sentence of fifty years.

St. Louis police sought Mrs. Nellie Tipton Muench, alleged "brains" of the gang that kidnapped Dr. I. D. Kelley, wealthy physician, in 1931. She was indicted Tuesday with five men for the crime.

At Racine, Wis., George Wolf, a theatre employee, was seized and later confessed in Chicago, police said, to participation in the attempted kidnapping of E. P. Adler, Davenport, Ia., newspaper publisher.

The Delaware House of Representatives passed an abduction law providing death or life imprisonment, at the discretion of a jury, for persons convicted of kidnapping.

**THEIR MISTAKE**  
John Factor, kidnap victim, disclosed today the error that decimated the once powerful Touhy gang.

He said all of them might have been alive and free if they had accepted an offer by him of \$50,000 for his release a few hours after he was abducted.

"They wouldn't be decent about it," Factor said. "They abused me for twelve days, kicked and beat me, and threatened me with death. They drove my wife and family almost insane with worry."

"That is the reason I prosecuted them. They wanted \$500,000 and they finally got \$700,000—and look what has happened to them."

### JAIL TERM AND LASHES

Hamilton, Ont., March 14 (Canadian Press)—John Carson had been found guilty today by a jury in county criminal court here on a charge of armed robbery arising out of the holdup of the Westdale branch of the Canadian Bank of Commerce August 2 last. He was sentenced to five years in the Kingston penitentiary and fifteen lashes.

contracts or agreements of any kind with respect to the purchase, sale, handling, transportation, storage and insurance of wheat, and to determine what constitutes delivery or possession. It allows persons holding permits to grant farmers' wheat to such an amount and on such terms as it deems advisable, and to limit the amount anyone may have granted.

## KNEES FELT AS IF IN CEMENT

Woman Who Had Rheumatism for 10 Years

NOW WALKS 4 MILES  
WITH EASE

One coming here from England writes a married man, "I have suffered terribly with rheumatism. I have been in hospital and spent money to no avail. I have used medicines and until I was weary. I heard of Kruschen Salts so often, that I thought I'd try that. By this time my knees had become locked, as if in cement. I was just desperate, for I thought the day was not far off when I wouldn't be able to get about at all. I made me so downhearted, I bought a bottle of Kruschen. I took a teaspoonful every morning. The bottle was finished. I said, 'It's the same as everything else; no better.' But my husband said, 'Severe; try another! Give it a week to act on your blood.' Well, of another, and before I was half a bottle, my knees unlocked—honestly! I did. I could hardly believe it myself when I could stoop down and up again without help. I was so glad about it. I kept on, took my bottle, and believe me I am

not like the same woman. I walked four miles the other day and felt fine, whereas before I could hardly walk across the floor. "My husband has been out of work all winter, but I'd get my Kruschen Salts before I'd buy a thing to eat. It means so much to be well and able to walk. I feel I should tell you all this, if it will benefit others." (Mrs.) E. A.

What more need be said to convince other sufferers? At any rate, they should give Kruschen a trial. Kruschen Salts is obtainable at all Drug Stores at 45c. and 75c. per bottle.

## FREE TRIAL OFFER OF KRUSCHEN

Kruschen now at our expense. We have issued a great many special "GIANT" offers which make it easy for you to prove Kruschen for yourself. Ask your druggist for the new "GIANT" 75c. package. This is our regular 25c. bottle together with a separate trial bottle sufficient for one week. Open the trial bottle first, it is the test, and then, if not entirely

convinced that Kruschen does everything we claim it to do, the regular bottle is still as good as new. Take it back. Your druggist is authorized to return your 75c. immediately and without question. You have tried Kruschen free at our expense. What could be fairer? Manufactured by E. GRIFFITHS HUGHES, Ltd., Manchester, England. (Established 1756).

## Anscomb Opposed To More Education Aid

Back of Sinking Funds Is Violation of Contract, Says Victoria Member

C.F. Member Claims Hart Budget Is \$6,000,000 Out on Trust Funds

The budget presented to the legislature Monday by Hon. John Hart was indicted on a number of counts by two Opposition speakers in the House yesterday. The general theme being the deficit shown and the failure to provide a greater degree of assistance for municipalities.

Herbert Anscomb, Independent, Victoria, attacked the government's reduction move on incomes. He said that while the government was on the one hand increasing expenditure on the other, especially on the one hand, it was facing a colossal deficit, he said.

He opposed the restoration of the debt to U.B.C. by \$50,000, saying it was not the time to do such a thing.

The whole idea of economy seems have fallen to the ground," he said. "Grants have been increased the way down the line. And as the \$20,000 for the Economic Council I think nine men who are all enough to the province could found to give the advice that is needed."

The Finance Minister, he declared, criticized the former administration for its financing and then had emptied turned around and done twice.

**HELP FROM OTTAWA**  
Mr. Anscomb said he had forecasted the election the government would get no help from Ottawa in ending and this had been proved.

The budget, as presented, violated covenants with bondholders by failing to provide for sinking funds. The refunding scheme only meant that when the next government took the treasury it would have to provide what the present government was not doing.

And, he said, "the greatest salvation of our people at the moment high interest rates. Because the higher these rates the less money government can afford to borrow, that is at least some check on debt increases."

Don't forget our province is only developed and long after we have gone this same province will be the market for money for future development and we must preserve credit as long as this system continues."

Attacking the refunding proposals

of the Finance Minister as merely a postponement plan which would put more profits in the hands of money-lenders, declaring he had been too sanguine in his relief estimates and too conservative in expenditure estimates. H. C. E. Anderson, North Vancouver, who opened the debate on the budget for the C.F., condensed his criticism into thirty minutes.

He wound up with the declaration the government was merely trying to bolster up the outworn system of capitalism and until it stopped trying to regard debts as credits and liabilities as assets it would get nowhere.

The first point he criticized was the estimate of liquor profits, placed at \$300,000 less than last year. He intimated the government could not hope to maintain the price of liquor in view of competition from the United States and this figure was, therefore, wrong.

**OUT \$6,000,000**  
He said no special provision had been made for continuing trust funds and on this account alone the budget was out at least \$6,000,000.

The refunding policy was a novel feature, he said. There had been much talk that because the wages of workers had been cut the wages of money should also be reduced. However, the proposal needed careful investigation beyond that phase. While the average life of the provincial debt on a 4 1/2% basis, the idea was to reduce it for thirty years at 3 1/2%. The net result would be to pay more to the moneylenders.

The only real benefits were those accruing to bond brokers and houses handling the new issue, he maintained.

**MUNICIPALITIES**  
The budget had been deficient, Mr. Anderson said, in ignoring the grants to municipalities and showed the government was prepared to perpetuate an injustice which had taken place years ago. The provincial government could not get ahead of the game by taking advantage of the municipalities which were nothing more than subdivisions of itself.

"And one of the most important features was the government's announced lack of intention to increase the super-tax on higher incomes," he said. "If money is to be collected at all it must be taken from those who have it."

He criticized the government for failure to give any statement of its relief policy. Any programme it had in this regard should immediately be made clear to the public.

In anticipating motor license revenue the government had been very sanguine, he said, and should have reduced the figure by twenty per cent at least.

**LOOKING BACKWARD**  
"The mistake of our governments

to-day is they are looking backward all the time instead of looking forward. The finance minister has based his hopes on what he was able to do in 1917. It's no use supposing that because he did something fifteen years ago he can do it again to-day."

## NOTES OF LEGISLATURE

Night sessions are scheduled to start in the house to-morrow.

N. W. Whitaker yesterday introduced a bill to amend the Chilropody Act. This is in the form of a public measure in the hands of a private member.

Another government measure was completed, when third reading was given the Moving Pictures Act amendment changing the system of fees for appeals against the censor board.

Amendments to the Legal Practitioners Act, changing certain particulars in the inner operations of legal practice, was given second reading.

## HONOR OF SCOT HIGHLY LAUDED

Burns Club Hears Address on Country's Traditions; W. A. Jameson Leader

If there is one characteristic above all others for which Scottish people are respected, it is their ideal of honor. Rev. Andrew Roddan, Vancouver, told members of the Victoria Burns Society at their meeting in the Chamber of Commerce auditorium yesterday evening.

During the meeting W. A. Jameson, active member of the club, was nominated to succeed John Hoie, retiring president, who, amid protest from the gathering, announced his intention of quitting the post he has graced for twelve years. The society, which has grown to be the largest of its kind in the world under his leadership, called upon Mr. Hoie again and again to reconsider his stand, but the retiring leader stuck to his decision.

George Grant was nominated vice-president, J. Dewar treasurer, E. M. Whyte secretary and Miss Margaret Stewart recording secretary. John Wood, Capt. Gordon, Mrs. W. A. Jameson, Mrs. George Gedrim and James McCrossen were put up for the executive.

Premier T. D. Pattullo, Hon. R. B. Bruce, Mr. Justice M. A. Macdonald and Mrs. W. H. Nevin were nominated honorary presidents, and Adam Bell honorary vice-president.

It is expected Mr. Hoie will be added to the list of honorary presidents when the society places these nominees in office at their next meeting.

## TRADITIONS OF SCOTS

In his well-considered address, Mr. Roddan spoke of the traditions that had been handed down to Scottish people, the ideals of integrity, intelligence, industry, reverence and many other valuable heritages.

He called upon his hearers to keep these traditions in mind, stating that it was the sense of greatness which kept the individual and nation green.

Mr. Roddan referred to the apparent insignificance of some of the spots dear to the Scottish heart, noting their connection with some of the great people of the nation.

To indicate his point, he spoke of the rise of Principal Cairn, head of Edinburgh University, from the lowly environment of a shepherd's home.

He developed his talk along the lines of Scotland's contribution to the world of music, intellectual activity and science. In the latter, the names of Simpson, Leslie and Lord Kelvin were highly esteemed for their work in the field of heat, light, electricity and other sources of energy.

Speaking of Burns, Scott, Stevenson and Carlyle, he noted Scotland's contribution to the literature of the world. Nor had the country been backward in furnishing statesmen, inventors and leaders in many other spheres.

He cited the heroic integrity of Sir Walter Scott to indicate the ideal of honor so dear to the Scottish heart, instancing the well-known novelist's stand when he faced ruin and overwhelming debt.

The function was opened by the piping of Pipe Major Donald Cameron. Vocal selections were furnished by Mrs. W. R. Gunn, Miss M. Mitchell and Alex. Marshall. Miss Jessie Smith was the accompanist.

## Kiwanians Have Music at Lunch

The Kiwanis Club orchestra, under the leadership of William Tickle, today supplied the entertainment for fellow Kiwanians at the weekly luncheon at the Empress Hotel. Harry McKelvie, member of the Vancouver Kiwanis Club, was a guest and presented two clever monologues. President S. J. D. Clark occupied the chair.

The orchestra played selections from "H.M.S. Pinafore," and accompanied Miss Dolly Rutledge, who sang "Sunrise and You" and the popular song "Smoke in Your Eyes." Kiwanian Thomas Keiway was heard in "Lullaby" by Brahms, the spirited song "Carissima" and the Irish favorite "Danny Boy" to the London-derry Air, accompanied by Mr. Tickle on the violin and Len Acres at the piano.

Ed Dickinson, newly-appointed representative of the Imperial Oil Company, and a past president of the New Westminster Kiwanis Club, was introduced by Frank Paulding as a new member of the local club. Ellis Brown reminded Kiwanians of the drive in aid of the Y.M.C.A. and the Y.W.C.A.

## LUXTON

The Luxton Senior C. team won a close league game Saturday night in Luxton Hall against the Fountain Service Senior team, with a score of 21 to 20. J. Chester refereed. Fountain Service—D. Bradley 4, B. Robertson 8, W. Shoultice 6, R. Godtel, E. Morgan 2, A. Rawlings. Luxton—N. McKay, R. McMillan, A. Davidson 3, S. Foler 5, N. Rhoads 4, A. Wright 4, B. Charters 2, B. Shields.

## AID URGED FOR PROSPECTORS

Revelstoke Board of Trade Suggests B.C. Government Provide Wages For Youths

Canadian Press  
Revelstoke, B.C., March 14. — The board of trade at its annual meeting here, this week decided to approach the provincial Department of Mines with a request to have overgrown mining trails in the district cleared and to urge unemployed youths be given work at a reasonable wage prospecting likely areas in this district. Concrete cases were also cited where parties interested in mining properties in the Big Bend were being retarded in doing development work and obtaining ore from properties because of lack of attention to the Big Bend road in the replacement of culverts, etc., at the cost of a few hundred dollars.

Officers were elected as follows: President, Mayor A. Pradolini; vice-president, R. A. Attenborough; secretary, Ald. A. W. Lundell; treasurer, J. H. Walter; executive, E. A. Boyle, J. Vingo, George Adams, G. G. Remington, T. Griffiths, Chas. Granstrom, K. G. McRae, H. E. McVay, Dr. A. L. Jones and L. C. Mason.

## BARON SNELL NEW LONDON CHAIRMAN

Labor Peer Elected to Post By County Council After Election Overturn

By Thomas T. Champion, Canadian Press Staff Writer  
London, March 14. — The laborites who secured a majority in the London County Council elections for the first time in twenty-seven years have followed an interesting precedent in selecting Baron Snell, Labor peer, as chairman of the body.

The late Earl of Roseberry, although defeated at the polls, was nevertheless elected chairman when the council was created in 1889 and the position was regarded as having brought him more distinction than his short tenure of the premiership later. Lord Snell is the third peer from outside the council's ranks to become the "prime minister of London."

Refusal of the chairmanship lay with Rt. Hon. Herbert Morrison, a former Labor minister to whose vitality and organizing ability was largely due the Labor victory. He prefers to remain leader-at-large of the labor forces in the metropolis.

Final results of the elections gave Labor a total of eighty seats and conservatives sixty-four, a majority of sixteen.

## New Alberta Rules For Movies

Canadian Press  
Edmonton, March 14. — Strict enforcement of censorship regulations as to classification of moving picture films was ordered by the Alberta Legislature in adopting an amended resolution to that effect.

The government also was asked to provide by regulation that where the leading feature displayed at any time in a theatre is classified as "U," which is the highest rating, all other feature pictures run on the same programme shall be classified as "U."

## POLICE ARE TO ATTEND MEETINGS

Canadian Press  
Toronto, March 14. — The rights of policemen and police authorities to attend public meetings, reported to be questioned by A. E. Smith, general secretary of the Canadian Labor Defence League at a meeting Sunday evening, today had been upheld by Judge James Parker, a member of the Toronto police commission.

"It is my opinion police officers have the right to attend, for the proper purpose, any meeting held in a public hall which the police commission has licensed," said Judge Parker.

## Annuities Scheme Shows Increase

Canadian Press  
Ottawa, March 14. — Government annuities are increasing in popularity and despite or as a result of the depression Canadians bought more annuities during the present fiscal year 1933-34 than in any previous year. Hon. W. A. Gordon, Minister of Labor, told the House of Commons the vote asked for annuities this year was \$85,000, an increase of \$30,000 from last year.

Total receipts from the sale during the year have amounted to \$5,039,912. The item was passed.

## FEDERAL LOANS TO B.C. REPORTED

Canadian Press  
Ottawa, March 14. — The Dominion Government loaned to British Columbia last December the sum of \$30,000, and in January last \$1,000,000, D. B. Plunkett, Conservative, Victoria, B.C., was told in the House of Commons.

## TWO KILLED AS BUILDING BURNS

Associated Press  
New York, March 14. — Two negro women leaped to death from upper stories when a fire swept an old five-story tenement on 117 Edgecombe Avenue, just south of West 141st Street, shortly before 2 a.m. to-day. The fire started on the first floor and mushroomed upward, burning through the roof and trapping families on the two top floors. The building housed twenty families.

## OBSERVATORY STAFF REDUCED

Commons Told Institution at  
Ottawa Now Has Thirty-  
five on Its List

Canadian Press  
Ottawa, March 14.—The Dominion  
Observatory at Ottawa is manned by  
a staff of thirty-five, less by five than  
a year ago, Hon. T. G. Murphy, Min-  
ister of the Interior, told the Com-  
mons in committee of supply, when  
he moved a vote of \$38,200 for that  
work.  
The five were retired during the  
last year "in the interests of econ-  
omy in the public service," Mr. Mur-  
phy said, and their places had not  
been filled.  
Very little topographical survey  
work had been done in the last year,  
the minister said, when moving a  
vote of \$100,000 for that service.  
The geodetic levelling service was  
voted \$116,700, of which \$102,000 was  
for salaries.

## JAPAN BUYS SCRAP IRON

Old Rails Are Most Favored  
In Purchases of Metal  
From Western Canada

Canadian Press  
Calgary, March 14.—Hundreds of  
tons of scrap iron have been bought  
in Calgary within the last few days  
and started for Vancouver, with  
Japan as destination, according to  
The Alberian.  
One buyer was quoted as saying ex-  
porters seemed especially interested  
in old steel rails, he believed because  
they were more easily transported and  
handled. Most of the rails sold were  
unfit to stand traffic.

Vancouver, March 14.—Shipments  
of scrap iron from Vancouver to  
Japan have been taking place inter-  
mittently over a period of years.  
Prominent in these was the gradual  
exportation from the Columbia  
yards of rails and rolling stock which  
had been brought here for shipment  
to Russia before the revolution in  
1917.

A number of old steamers have also  
sailed from this port to Japan to be  
broken up.

## SOVIETS SEEK GREATER TRADE

Moscow, March 14.—A Soviet trade  
mission will be sent to the United  
States soon to investigate the possi-  
bilities of increased commerce be-  
tween the two countries offered by  
the new American export-import  
bank, recently chartered at Wash-  
ington to facilitate Russian trade, it  
has been learned from Moscow.  
Official circles made it plain, how-  
ever, that the expected trade revival  
between the Soviets and the United  
States will be based on terms which  
Communist leaders consider favorable  
to this country.  
Russia will require, it was said, that  
purchases here keep pace with sales  
of United States products in the  
Soviet Union. One fair-sized sale of  
\$250,000 worth of linen goods has  
just been made here by a New York  
firm, but there has been little other  
major commercial activity.

## More Time For Education Grants

Canadian Press  
Ottawa, March 14.—Three provinces  
have not as yet earned their full  
share of the \$10,000,000 appropriated  
by the Dominion government in 1919  
to assist technical education, and a  
resolution was moved in the House  
of Commons, extending the time in  
which the grants may be earned, to  
1939.

The original period was ten years,  
but it was extended in 1929 for five  
years. A further extension of five  
years is now proposed.  
The resolution was moved by Hon.  
W. A. Gordon, Minister of Labor. The  
provinces which have not yet earned  
their full allotment are Nova Scotia,  
Manitoba and Saskatchewan, the un-  
earned shares being, respectively,  
\$130,000, \$350,000 and \$100,000.

After some discussion the resolution  
passed, and a bill based on it  
received first reading.

## WORDS FAILED TO STOP BANDITS

Canadian Press  
Calgary, March 14.—Two white-  
masked bandits had a "verbal battle"  
with Mrs. R. Annis in a local confection-  
ery store, but they won. They  
escaped with \$20 in cash.  
"What do you think you're doing?"  
she demanded when the bandits  
walked in.  
No answer—just the flourish of a  
revolver.  
"Get out of here. You are just as  
nervous as we are," shouted Mrs.  
Annis.  
Again there was no verbal reply,  
but the gun waved wildly, and Mrs.  
Annis, the proprietor, and a woman  
customer were herded into a back  
room while the companion bandit  
rifled the cash register.

## OLD NORTHERNER VISITS WINNIPEG

Canadian Press  
Winnipeg, March 14.—Grizzled  
with long years in the northland,  
Joseph (Joe) Hodgson, trapper and  
trading post factor, carried his eighty-  
one years lightly yesterday, when  
he arrived in Winnipeg to renew  
acquaintances with friends of earlier  
days.  
In 1873, Mr. Hodgson graduated  
from old St. John's College here and  
went into the north country for the  
Hudson's Bay Company. For three  
years he was factor of Rampart  
House, on the Porcupine River in the  
Yukon, almost within sight of the  
Arctic Ocean. Then he was trans-  
ferred to Fort McPherson, N.W.T.,  
where he spent almost fifty years  
trading with Eskimos and northern  
Indians.

# SOCIAL, PERSONAL AND HOME INTERESTS

## United W.M.S. Increases Membership and Givings

Mrs. R. W. Mayhew Reports Over 3,000 Members in B.C.; \$30,408 Raised

B.C. Conference Branch Opens Sessions Here; Mayor Brings Greetings

Recording an increase in membership and, in many cases, in the number of systematic givers, the seven presbyteries, which constitute the B.C. Conference branch of the Women's Missionary Society in Canada last year aggregated over 3,000 members in 113 auxiliaries, and raised \$30,408.21, of which sum \$30,000 was forwarded to the Dominion Board at Toronto.

**PROGRESS REPORT**  
This information was contained in the encouraging statement presented by Mrs. R. W. Mayhew, corresponding secretary, at the opening public service at the First United Church yesterday evening, and amplified in the reports presented at this morning's session of the annual meeting.

Mrs. E. Day Washington, the treasurer, presented the audited financial statement showing the amounts raised in the various presbyteries as follows: Cariboo \$41.55, Prince Rupert \$479.56, Kamloops-Okanagan \$3,718.00, Kootenay \$1,585, Vancouver \$14,443.86, Victoria \$7,008.20, Westminster \$3,135; total \$30,408.21. Sent to Toronto \$30,000.

**CHRISTIAN STEWARDSHIP**  
Mrs. John Macpherson, Christian Stewardship secretary, noted that nearly all the Auxiliaries reported deeper and more reverent devotion to the service. Others reported an increase in the number of systematic givers. Some, unable to contribute in money, show a strong desire to help in welfare and supply work. During the coming year some of the missionary workers will be allocated to each Presbytery as the subject of special prayer, thus giving the auxiliaries some one definitely to pray for.

Mrs. W. Doherty, Life Membership secretary, reported fifty-two Auxiliary life memberships, three Mission Circle, forty-three Mission Band, three Baby Life memberships, and one "In Memoriam."

**SPRIT OF SERVICE**  
Mrs. R. W. Mayhew, at yesterday evening's service, gave a splendid report of the various presbyteries, pointing out their aims to inspire the spirit of prayer and service among its members; to develop a missionary spirit in the women and children of the church, and to secure the means for the carrying on of the work at home and abroad.

The devotional part of the work had been most encouraging, the "Kingdom of God movement" having been very much stressed during the year in every part of the province. Possibly this had led to greater devotion in the auxiliaries; possibly the trying times had brought the members closer to God as well as to each other and those less fortunate.

Mrs. Mayhew recalled that the jubilee of missionary work in Japan had been celebrated last June, the W.M.S. all over Canada joining with Japan in her rejoicing over her remarkable growth in Christianity. Through monthly meetings and senior and evening auxiliaries, mission circles and mission bands an effort had been made to develop the missionary spirit in women and children.

The next objective had been to secure the funds for carrying out the missionary work, but the year had been a difficult one in every financial undertaking. Giving had fallen short.

**PRESBYTERIALS ACTIVE**  
The report summarized the work of the various presbyteries in the province as follows: Kamloops-Okanagan, fifteen auxiliaries with a membership of 216, and seventy-five members in the evening auxiliaries; Kootenay, ten auxiliaries with 168 members, and twelve members in evening auxiliaries; New Westminster, twenty-four auxiliaries with 453 members, and fifty-four members in evening auxiliaries; Vancouver, thirty-eight auxiliaries with 1,386 members, and twenty-eight evening auxiliaries with 398 members; Victoria, twenty-two auxiliaries with 683 members, and three evening auxiliaries with eighty-seven members; Prince George, one auxiliary with sixteen members; Prince Rupert, three auxiliaries with twenty-nine members. A new auxiliary has just been formed at Terrace, four of which are Indian bands, three Chinese and three Japanese. The largest band has 181 members, the smallest, five.

Activities of the various branches were summarized, showing good results in increasing membership in nearly all auxiliaries and evening auxiliaries, as well as practical good works in home and foreign mission activities, visiting the sick, the needy and the distressed, and in supplying donations of many kinds to outlying communities or families. The auxiliaries in the unorganized districts of Prince George and Prince Rupert were reported as "carrying on nobly under great difficulties," as their isolated positions keep them from the close contacts of the work. Japanese auxiliaries had been very interested in the jubilee celebration of Japan last June. The Chinese auxiliaries enjoyed the study books of the year, especially "Fourth Daughter of Missions in Honan."

**MISSIONS IN HONAN**  
Mrs. Harold Clark gave an interesting address on "Chinese Missions," illustrated with many fine slides of numerous phases of the work in Honan, which was started by the Presbyterian Church in Canada in 1888 by seven missionaries.

The speaker told of the great difficulties and opposition encountered by the pioneer missionaries, and showed pictures indicating the tremendous growth of the Christian

## WOULD ABOLISH LIQUOR ADVTs.

United W.M.S. Also Against Beer and Wine in Restaurants

Interesting discussions preceded the passing by the Victoria Presbytery of the United Church of resolutions asking the government to abolish all forms of liquor advertising at the earliest possible date; expressing strong opposition to any legislative enactment making it legal to sell beer and wine, or to drink the same in public eating places; and asking for an amendment to the act defining the area in which a plebiscite be taken, making the electoral district the minimum area in which a plebiscite may be taken.

These resolutions were passed at the final session of the annual meeting yesterday afternoon and will be forwarded to Hon. G. M. Weir, Minister of Education and Provincial Secretary.

The temperance secretary, Mrs. W. J. Graham, noted that the illness throughout the year of the temperance secretary had proved a big handicap to the work of scientific temperance study in C.G.I.T. circles and bands. Duncan Missionary Band had won the cup this year in the junior group temperance competition. On March 8 a deputation of the British Columbia Temperance League, consisting of the general secretary, Rev. R. J. McIntyre, Dr. Hugh Dobson, Rev. E. Paul and Victoria members had waited on the government to furnish information concerning the liquor situation.

Mrs. N. Brink, literature secretary, reported that of the eleven auxiliaries that had filled in and returned report forms, nearly all told of the regular use of the study book. Only one auxiliary, however, had a study group.

Mrs. M. L. McLennan installed the new officers for 1934 with a very beautiful and uplifting service, specially arranged by her for the occasion.

Mrs. McLean of Alberni and Mrs. McLean of Port Hardy were named delegates to the B.C. Conference.

## GIVES EXAMPLE OF "Y" SERVICE

Arriving in a strange country can be either a very pleasant experience or a rather terrifying one. Having friends to meet and help in the reference. The following story, told by an official of the Y.W.C.A. proves the point.

Dagmar, who had come all the way from Norway and knew no English, liked the sea and the mountains, but she felt very much alone in her home. She wondered much if the aunt to whom she was going would have altered since the days so long ago when Aunt Elsie lived near Bergen. When the boat docked, Dagmar followed the crowd, and presently found herself standing alone and rather frightened in the waiting room.

"Can I help you?" asked a pleasant voice, and Dagmar instinctively knew she could trust the lady who smiled at her in such a friendly fashion. She held out a card, and Aunt Elsie had sent her to the boat in Montreal, and the Travelers' Aid said, "We'll telephone your aunt—come with me, and we'll soon make you comfortable."

Dagmar trotted after her new friend, and when Elsie professed in her thanks to the lady who had befriended her niece. She had expected her by a later boat, and was grateful as the now radiant Dagmar herself when the girl was put in charge of the conductor to go to Duncan, where Aunt Elsie lived.

An opportunity to share in maintaining this community service will be given the general public when representatives of the Y.W.C.A. and Y.M.C.A. campaign make their call.

Mission there in the forty-six years which have elapsed. To-day there are three hospitals, Chinese Christian schools, native pastors, nurses and teachers, all fully trained.

Work done by such pioneers in Honan as Rev. Dr. Murdoch Mackenzie, Dr. G. H. Smith, Rev. Donald MacGillivray, and their wives, and Hudson Taylor, showing how their early efforts had brought forth fruit, in the increasing number of converts yearly to the Christian faith.

**COMMUNISTS BUST**  
In passing she also touched upon social and political conditions, declaring that Communists had caused much trouble and destruction of property, but that the doctrine of Communism is not likely to make much headway, as the Chinese has in him too deep-rooted a love of his own piece of land to ever forego that sense of ownership for any communal possession.

**BRING GREETINGS**  
Rev. Dr. Wilson, who led the devotional services, paid tribute to the work of the Women's Missionary Society, stating that the ministry's obligation to the W.M.S. was one they could never discharge.

Mayor Leeming, who was introduced by the Conference president, Mrs. W. G. Wilson, brought greetings from the city and spoke of his pleasure in welcoming the delegates who were engaged in the noble work of furthering the Kingdom of God on earth. He wished the W.M.S. every success in their commendable endeavors.

Rev. H. D. Archibald, president of the B.C. conference, who was unavoidably absent, conveyed the greetings of the conference to the W.M.S., congratulating them upon their educational work and their excellent achievements in many spheres of activity.

## MINISTER'S WIFE AS GUEST ARTIST

Mrs. Frank M. Macpherson, wife of the Minister of Public Works, will be the guest artist at the Empress Hotel on Saturday afternoon during the tea hour. Mrs. Macpherson will sing several groups of songs, accompanying herself at the piano.

## PERSIAN "KITTE" OUTWITS SENATOR

Washington, March 14.—"You're a little Persian kitten, aren't you?" asked Senator Tydings, of five-year-old Leili Entemah, a Persian diplomat's daughter, at a tea party.

"If I am a Persian kitten, I'm a wildcat," replied Leili—and that held Tydings for a while.

Congressman Brown of Georgia received this wife from a constituent. "Just married. Can you get me a good job?"

He wired back this one: "Best thing you can do is to give your bride a divorce."

## GIRL WRAPPED IN CELLOPHANE

Berna Waring Appearing in Sensational Dance at Empress Cabaret

Berna Waring is expected to create something of a sensation when she dances at the Empress Hotel St. Patrick's cabaret Friday night in green cellophane.

This clever dancer, who has a habit of springing surprises, is likely to be the real hit of the Irish night when she presents her novelty to the number in this original costume.

The complete entertainment programme for the cabaret, which is being held in the Empress ballroom on Friday of this week instead of Saturday so that a long evening of dancing can be enjoyed, was announced today.

Adeline Grant, an attractive colleen, will give a finished exhibition of the famous Irish jig.

Thelma Ackerman, in a specially imported costume, will present an unusual Oriental dance.

Another exceptional number will be put on with Irish trimmings by Thelma Ackerman, Mary Gotska, Patricia Penhock and "Doudie" McAlpine.

Rehearsals have been completed and all is in readiness for the cabaret of the season. The shamrock will figure largely in the decorative scheme and the ballroom will be attractive with spring flowers.

Advance reservations indicate the cabaret will draw a large crowd, although a limit has been set to the number to permit the maximum of enjoyment, it was announced at the hotel today.

## Langford

The open meeting of the girls' branch of the W.A. will take place in St. Matthew's Church, Friday evening, March 16, at 8 o'clock. The speaker will be Mrs. Llewellyn, of Victoria, who will speak on "Books."

First of the fortnightly series of card parties sponsored by the Prince Edward Branch, Canadian Legion, No. 61, took place Saturday night. Ten tables of progressive bridge were in play, first prize winners for the highest score being Mrs. H. C. C. Bennett and Elmer Wolf. Mrs. Sam Moore (Colwood) and J. E. MacDonald obtained the prizes for the second best scores, with Mrs. G. Altman and A. Harris being awarded the consolations.

Refreshments were served by the committee. The next of the series will be held on Saturday, March 24. Miss Adela Yates, Albert Head, was the guest of Mr. and Mrs. J. Stuart Yates, Millstream Road, over the week-end.

## Chapter Promises Milk For More School Children

After authorizing payment of its monthly bill of \$90 for milk for ill-nourished children in the city schools, the Dr. O. M. Jones Chapter I.O.D.E. at its monthly meeting yesterday afternoon, requested from Miss E. J. Herbert, school nurse, for a daily supply of milk for three more school children. The chapter has never yet turned down such a request.

Mrs. F. F. Beckett, educational secretary, brought to the attention of the meeting the national educational secretary's request that an intensive study of the League of Nations be made along the lines laid down in the pamphlet issued as "An Appeal to Canadians," by the Prime Minister of Canada, the leader of the Liberal party and the leader of the Canadian Co-operative Commonwealth Federation. A resolution was passed asking Municipal Chapter to organize a study of all the chapters to deal with this important subject.

A donation of \$2.50 was made to the isolated school fund. Miss Scott-Croft, Echoes secretary, requested a greater support of Echoes. Four new subscribers expressed willingness to take papers.

Mrs. W. Ellis was nominated delegate to Provincial Chapter convention, to be held in April at the Empress Hotel. Mrs. Walter Walker was welcomed as a new member, and Miss Evelyn Rose was proposed and seconded as a member.

Mrs. H. Smith, one of the active workers in the chapter, who will leave the city this week to make her home in Courtenay, was presented with a bottle of lavender essence, made up by the honorary regent, Mrs. O. M. Jones. The regent made the presentation on behalf of the members.

**ROYAL LEVEE YESTERDAY**  
But Rain Mars First Pageant of London Season

Canadian Press  
London, March 14.—Hon. Arthur Sauve, Postmaster-General of Canada, was presented to the King at the royal levee at St. James Palace yesterday by Hon. G. Howard Ferguson, Canadian High Commissioner in London.

Rain spoiled what would have been the first royal pageant of the season.

the captain's escort of Household Cavalry and the guards of honor at Buckingham and St. James' Palace being cancelled.

His Majesty drove from Buckingham Palace in the state landau with an escort of only two mounted members of the King's Household. Large crowds along the route cheered the King, bareheaded, with a great cheer over his admiral's uniform.

The Prince of Wales and the Duke of York attended.

Members of the diplomatic corps were first introduced to the King's presence by Sir John Hankey, Williams, marshal of the diplomatic corps, and named by the Lord Steward, Lord Shaftesbury. Various gentlemen of the "services" and civilians were subsequently presented.

# HORSE AND BUGGY DAYS

High Up On a Real Old Bone Shaker; Would Frankie Be A Hit On the Stage To-day?

Here we see Charlie Miner, well-known watchmaker of 4th Street, sitting way up in the world. Back in the eighties Charlie was the Torchy Peden of this type of bone shaker. He was many times at Beacon Hill Park. The boys had a lot of fun in these bikes, especially when going up hill or taking the bumps. Once in a while Victorians to-day have an opportunity to see one of these bone shakers in action when Jacob Aronson brings his bus out of the museum.

Gay blouses of the gay '90s. These wheelmen are about to ride in a sixty-mile race and each rider has a bet that he'll make it without falling off his perch. The real cutups made it hard by nudging the rear wheel of the rider ahead. They were mean in those days too.

Anna Pavlova ruled the world of interpretative dancing from the time she first toured this continent, 1911, almost until her death, 1931, though she lived in Paris when not touring Europe or America. Most people remember her for "The Dying Swan," but her "Dragon Fly" creation, shown above, was almost equally famous.

The ideal chorus girl of the spear-carrying, plush horse days was always conceded to be Frankie Bailey. Her legs were famous in grandpa's day, and the Police Gazette would have been the poorer without her. Here's Frankie, puffed sleeves, hour-glass waist, famous legs and all.

One of the greatest left-handers who ever pitched a baseball was Eddie Plank, who started pitching for Connie Mack in 1901, helping the Athletics win six pennants. With Jack Coombs and Chief Bender, Plank completed one of the greatest pitching staffs ever assembled.

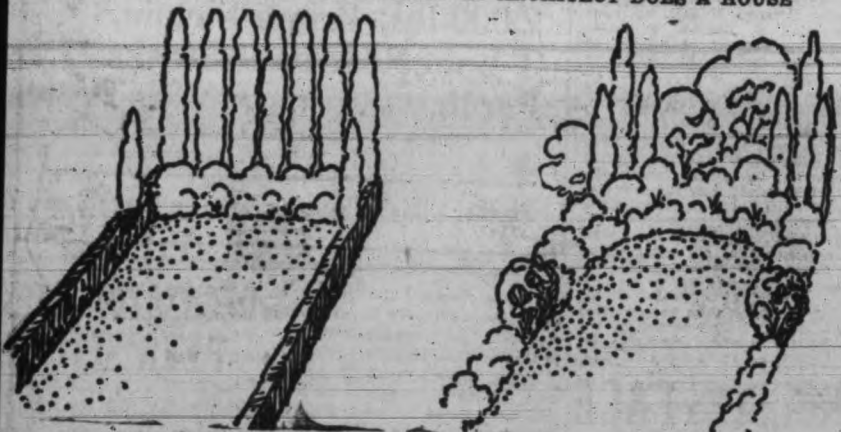

Certainly one of the most famous murder cases this continent ever saw was the shooting of Stanford White, famous architect. Here you see Harry K. Thaw, New York millionaire and husband of Evelyn Nesbit Thaw, in jail the morning after his arrest on charges of murdering White in a quarrel over Evelyn.

## "Your Back Yard Garden"

### KNOW PLANTS IN THE GARDEN

YOU CAN PLOT YOUR BACK YARD AS ARCHITECT DOES A HOUSE

background, or screen, planting of trees and shrubs. At left, dull and monotonous; at right, colorful and interesting.

This is the fourth of a series of articles by Donald Gray, landscape consultant, on how to make a beautiful garden of your back yard.

By DONALD GRAY

gardeners use plants to create a picture just as an architect uses stone, lumber to make a house. The effect knows how high and wide the house must be and, when he sketches the building, the picture is complete.

It is quite different with the garden. He must know first the habits of the plants that he uses, how they grow and what spaces they will fill. Then he buys little sprouts, sets them in the ground and waits to see the picture appear.

There may be many disappointments before he achieves results. Pests may come and kill a part of a plant, the plants may refuse to live, and best of all there is always some care to be taken in the growing of a garden. It is a real achievement, then, when it is a real achievement.

Gardeners do not mind the griefs. It is hopeless, if, after caring for it for years, you discover finally that the plant has turned out to be entirely different from what you had expected. That is why

you must know, at the time a plant goes into the ground, just what that plant ultimately will turn into, and that is also the reason why you should learn the botanical names of plants instead of the common ones.

These common names often apply to different plants in different sections, while the botanical names are the same the world over. Learn the real names of plants and follow a few rules before planting.

There are two methods of background planting. There is the layout that is stiff and monotonous, and there is the garden that presents a more interesting and pleasing appearance. To produce the interesting type of background, follow these rules:

If the space is limited, choose shrubs that grow narrow. Avoid planting a row of the same kind—variation helps prevent monotony, but do not have one plant of one kind and one of another.

Plant two, three or five together to get masses. To get an illusion of distance, choose plants with fine foliage, light green or preferably gray green in color.

plant them where they will develop into the picture you want.

Thursday — House foundation planting.

## Barter Move Is Spreading

Willingness to "affiliate with the Victoria Barter and Trade Association in its efforts to assist unemployed men by arranging to have them trade their labor for produce and the necessities of life, has been expressed by several city organizations, according to a report made to the association yesterday evening.

It was reported that the membership of the organization had now increased to 164 with the addition of twelve members last week. The work is rapidly spreading to the suburban areas and material assistance had been given unemployed who are willing to work for produce.

It was also pointed out that the association had offered a channel through which they might dispose of some of their produce which otherwise might not be utilized. All interested in the association's work are requested to get in touch with the headquarters at Blanshard and Figgard Streets.

## Financial Campaign Of "Y's" Doing Well

General Secretary Confident Good Progress Will Be Shown at To-night's Meeting

The joint financial campaign of the Y.M.C.A. and Y.W.C.A. which opened on Monday, and will continue until the beginning of next week, is well under way, according to Frank Paulding, general secretary of the local branch of the young men's club. Mr. Paulding is confident that considerable progress will have been shown since Monday, when reports are handed in this evening at a meeting in the Y.W.C.A. building, with Mrs. Paul Smith as the main speaker.

The drive, which already showed subscriptions of more than \$1,000 when the first reports were handed in at a supper meeting in Spencer's dining-room on Monday evening, aims at collecting a total of \$10,000. This sum will be used to cover the \$8,500 of current liabilities accumulated during the last three years by the men's organization, and the 1933 deficit of \$1,500 for the sister association.

The work of the Y.M.C.A. and Y.W.C.A. is of especial value during the present time of difficulties, when young people are faced with increased leisure and financial difficulties. The two associations have as their chief object training in the proper use of this leisure.

A contribution to the "Y" financial drive is not a gift to charity. It is an investment in the youth of the province which will in a few years pay dividends of health and character to the whole province.

No better statement of the object of the campaign can be given than the appeal made by Mayor Leeming to the citizens of Victoria before the opening.

## ORGANIZES DRIVE

FRANK PAULDING  
General secretary of the Y.M.C.A. is responsible for the organization of the joint financial campaign of the Y.M.C.A. and Y.W.C.A., which opened Monday, and continues until the beginning of next week.

community, and the demand is equally urgent," said the mayor.

"In these difficult times it is imperative that young men and young women should be given an opportunity to spend their leisure hours in a healthy and wholesome atmosphere. The Y.M.C.A. and the Y.W.C.A. offer unequalled facilities for training the youth of the city, both in mind and body which are given by no other organization and the work being done by these world-wide institutions is of inestimable value to all citizens and a genuine public service.

"The additional duties which have been thrust on these associations by prevailing conditions have made it impossible to cover operating costs and funds are urgently needed to enable them to continue their activities. We trust you will respond to the best of your ability to the appeal which is being made."

## Young People's Church Societies

### PRESBYTERIAN Y.P.A.

All members of Presbyterian Young People's Societies will be interested to know that the debate between the St. Andrew's and Chinese Young People's Societies will take place Thursday evening, March 15, at 8 o'clock, in St. Paul's Presbyterian Church.

### ST. JOHN'S A.Y.P.A.

The weekly meeting of St. John's A.Y.P.A. was held on Monday evening in the gymnasium of St. John's Church, S. C. Hawkins gave a short address on the object of the Anglican Young People's Association, stressing the importance of missionary work in the organization, and also suggesting that it would be advisable for each A.Y.P.A. to have a missionary committee.

An important principle of the association is that the success of the A.Y.P.A. depends mostly on the promotion of Christian fellowship. A short business meeting followed the address, when a heavy vote of thanks was extended to Miss L. Trickett, who donated an interesting photograph to the branch of the A.Y.P.A. convention, held recently in Vancouver.

It was announced that tickets for the play, "The Dream of Queen Esther," to be presented by the St. John's players at Easter could be obtained from J. White.

### METROPOLITAN

The members of the Metropolitan United Young People's Society met at the usual hour in the schoolroom where a short session was held. The worship service was conducted by Miss Mollie Lally under the theme of "Choosing One's Life Work." The hymns were sung by the young people; Hazel McPherson read the Scriptures; Don McCain a poem, and Dorothy Cronk a prayer. Rev. F. Church answered questions on the sermon he gave Sunday. Several questions relative to the choosing of a vocation were asked and answered. The members were led on a "mystery trip" through some of the streets of the city ending up at the city police department where they were shown the fingerprint department.

### NORTH QUADRA

The regular meeting was well attended. Major Wise brought a new game of flags and flowers to the meeting. A court of honor was held

with discussion as to the color of the proposed new neckerchiefs. The junior team won the soccer game from St. Mary's by default.

Attorney-General Sloan will introduce amendments on Thursday to the Societies Act and the Insurance (Temporary Provisions) Act, 1933.

## Warning to Mothers!

### There is only one PHILLIPS' Milk of Magnesia

Be sure the name PHILLIPS is on the bottle—Why you should take no chances with Unknown Substitutes

Your doctor will tell you that giving your children unknown drugs is one of the most dangerous things you can do.

A child's health is too precious for experiment. The only safe way is to follow the doctor's orders.

This is because Phillips' Milk of Magnesia marks what is known to the medical profession as one of the finest laboratory products of the world of science. The welfare of your family certainly deserves no less.

### Doctors Say PHILLIPS' For Your Child

When it comes to the very important—and often used—"milk of magnesia"—if you are offered a substitute for the real Phillips' article, ask your doctor before you buy it. For 50 years physicians have said "Phillips' Milk of Magnesia, the safe remedy for your child." They know that substitutes are not "like" Phillips'!

So see that you get Phillips'. Do this for your own peace of mind. For the absolute protection of your children. You can get the genuine Phillips' Milk of Magnesia at any drug store, in liquid or tablet form, 25c and 50c sizes.

### ALSO IN TABLET FORM

Each tiny tablet is the equivalent of a teaspoonful of genuine Phillips' Milk of Magnesia.

SAFETY in this bottle for you and yours

PHILLIPS' Milk of Magnesia

## THREE BILLS ON HEALING

Dr. J. J. Gillis Takes Over  
Debate on Chiropractors  
and Drugless Men

The triangle between the chiropractors, drugless healers and medical men was completed in the Legislature yesterday afternoon as Dr. J. J. Gillis, Liberal, Yale, took control of the debate on the chiropractors' bill by adjourning it after explanation of the measure by George M. Murray, Liberal, its sponsor.

Dr. Gillis already has to speak next on the drugless healers' measure and he is also sponsoring an amendment to the Medical Act.

Mr. Murray, in his explanation of the chiropractors' position, recounted the history of their attempts to secure legal recognition, dating from 1921.

"The trouble is that unqualified persons are now offering their services under the guise of being qualified," he said. "Sometimes this constitutes a menace to the good health of the public."

"Many people are demanding this

form of treatment now. It is obvious they want it and it is also obvious it must be regulated."

Dr. Gillis adjourned at this stage.

## GIVES TALK ON JAPAN SOCIETY

Holding nationalism predominant, the Japanese have always indicated a wonderful capacity for choosing from the ideals of western civilization the most useful ideas for their own country, without disrupting their standards of living and society.

W. H. Wilson told members of the Round Table Club at their weekly dinner meeting in Speedie's Cafe yesterday evening in discussing "The Social Structure of Japan."

In tracing Japanese history, the speaker explained how society evolved around the family and not around the individual as in the west. In Japan the individual was forced to marry and have children.

On this particular point, a combination of others, the Japanese social structure was diametrically opposed to that of the western world, where the greatest importance was attached to individual liberty and freedom.

The result of the existence of this condition in society was a powerful patriotism which combined with the religion of the Japanese, he said.

## SOCIAL CREDIT FOUNDER DUE

Major C. H. Douglas Expected  
to Arrive Here This  
Month Aboard Hs. Aorangi

Major C. H. Douglas, founder of the Douglas Social Credit system, who has been touring Australia and New Zealand, is now en route to Victoria from the South Seas aboard the motor liner Aorangi, which is scheduled to arrive here March 23.

Considerable interest is being evinced in Major Douglas's visit to Canada and plans are being made for him to deliver a series of addresses in various cities of the Dominion.

The growth of the movement is said to have been rapid throughout western Canada.

Consequently there is a constant tendency for production to outrun consumption, with ensuing glut, depression and unemployment.

Social credit, Major Douglas claims, will distribute purchasing power direct to the consumer, financing from the foundation of the economic system instead of the roof.

In Great Britain there is an army limited by the movement of the "Green Shirts." Groups are at work in all sections of Europe, with a particularly strong movement in France. It is spreading in Japan and China as well as in the Antipodes.

## DR. WACE TALKS ON SOLARIUM

Duncan, March 14.—Under the auspices of the Cowichan Women's Institute, Dr. C. Wace gave an interesting talk in the K. of P. Hall Monday afternoon before an audience of about sixty-five. Mayor Provost was in the chair, and the president of the institute, Mrs. F. S. Leather, was also on the platform. Dr. Wace told of the Solarium, which was started by the institutes of British Columbia. He touched on surgical tuberculosis, infantile paralysis, rickets, etc., and stressed the urgent necessity of getting the children affected in the initial stages of the disease. The great need, at the present time, he stated was a "traveling clinic," where doctors could go to the home, diagnose the trouble and suggest the proper place for treatment and remedy.

A hearty vote of thanks was tendered to Dr. Wace, proposed by Mrs. Leather and seconded by Mrs. F. G. Christman.

A musical programme arranged by R. E. Macbeane was much enjoyed, it consisted of vocal solos by Mrs. W. Johnson, violin solos by Mr. Macbeane, and by Mr. and Mrs. Macbeane, vocal quartettes by Mrs. Johnson, Mrs. Macbeane and Mr. Macbeane and A. E. Robinson. Mrs. E. W. Neel acted as accompanist.

Tea was served by the institute, under the direction of Mrs. Rey, Mrs. Macdonald and Mrs. Carbery.

**Duncan**  
Duncan, March 14.—The regular meeting of the Duncan Dogwoods Chapter, I.O.E., was held at the home of K. P. Duncan Monday evening, the regent, Miss A. Staples, being in the chair.

A letter was received from Miss

Stowe, of the Solarium, thanking the chapter for the tinful collected, also a letter from Mrs. Curtis Sampson, Victoria, stating she would be pleased to be honorary regent of the chapter. Arrangements were made for the tea dance to be held in the K. of P. Hall on April 7.

During the Empire study period, Miss Volant spoke on British North-east Africa, and Miss E. Creighton on the British Empire in the Mediterranean.

**SAYWARD RENEWS  
HIGHWAY DEMAND**

Sayward, March 14.—The government will be petitioned to build the Island Highway from Menzies Bay to Sayward, following a public meeting held here.

The speakers included J. E. Armlshaw, J. B. Howes, president of the Farmers' Institute, J. Lewis, secretary of the local C.C.F. Club, H. T. W. Smith, chairman, and Mr. Lewis were not in favor of including in the petition the demand for a road to Cape Scott, as suggested by Mr. Armlshaw, who introduced a phrase "On to the Cape." However, the word eventually was inserted in that part of the proposed petition referring to road construction north of Sayward.

The secretary of the Sayward Farmers' Institute stated that his organization had been sending resolutions and delegations to the government, urging the construction of this piece of road, ever since its formation twenty years ago.

**Duncan**  
Duncan, March 14.—A verdict of actual death was returned by the jury at the inquest on the body of Edward Anderson, who was killed at Lake Cowichan on Saturday. Dr. H. P. Swan, coroner, conducted the proceedings, and the jury consisted of E. B. Nash, foreman, S. G. Redgrave, L. Langlois, D. Butt, W. McIntosh and T. Pitt.

**PEP IN YOUR STEP  
WITH LIFE SAVERS**

**Change Asked  
In Agriculture**

A motion by Clive M. P. Planta, Independent, Peace River, to vote the entire Department of Agriculture appropriation in bloc to provide for revision of the system of assessing agriculture was ruled out of order by Mr. Speaker H. G. Perry in the House yesterday.

Mr. Planta proposed that instead of voting specific funds for specific use, the government should name the Economic Council as a commission to take evidence with a view to reconstruction of all services rendered in the agricultural industry of the province.

"He cited how large amounts were spent yearly by both federal and provincial governments on agriculture. For instance in the five-year period between 1928 and 1932 inclusive the Dominion and province spent an average of \$1,015,323.39 on agricultural education and control.

Calculating the farmers' gross product at \$4,495,380 on the average, this means that an average of 22.5% of the total gross profits of the farming communities of the province had province had been provided by the taxpayers to meet the cost of government administration.

He proposed agricultural vocational schools in various districts of the province to train young men in practical pursuits. Such schools, established, of course, on farms, would be made to pay their own way and the students could be transferred from one to another to obtain diversified training.

He claimed the direct connection in the past between the government and educational training in agriculture had resulted in the government suffering acutely. In this, the huge organization of farmers' institutes allowed an element of politics to enter which made it impossible for the department to approach its problems fearlessly.

**COMMISSIONER INSTEAD OF MINISTER**  
He proposed that a Commissioner of Agriculture replace the present minister and that he be placed under the finance minister or the attorney-general. The direct participation of the government in agriculture administration would then be limited to enforcement of such statutes as the Noxious Weeds Act, contagious diseases, insect pests, and so on.

The remaining functions of the department could then be correlated with the agricultural section of the University of British Columbia for the purpose of educational training.

**Hitlerian Attempt to Control  
Church Has Effects on  
Activities of "Y"**

The attempt of the Hitlerite Party to control the policies and activities of the church in Germany is having far-reaching effect on such organizations as the Y.M.C.A. A bulletin issued by the International Christian Press and Information Service in Geneva, and just received by Frank Paulding, general secretary of the Victoria branch, tells of the attitude of the Y.M.C.A. and other Protestant youth organizations to the church and state.

"The not altogether clearly conducted discussions as to the attitude of Protestant youth to the church and to the state led, on December 22, in spite of protest on the part of the leaders of the Protestant youth organizations, to an agreement between the Reich bishop and the head of the state youth organization, Baldur von Schirach, who is also the leader of the Hitler-Youth. In the months that have passed since then, the members of the Protestant youth organizations up to and including the age of eighteen have become members of the Hitler-Youth and can no longer belong to the Protestant youth organizations without at the same time being members of

**RECREATION ROOM  
PLEA SATURDAY**

**Funds Sought to Maintain  
Shelter For Unemployed**

The recreation rooms committee will make its annual appeal Saturday, when a number of citizens will tag on the city streets. It is one of the main sources of supplying money for necessary expenditure and the committee is anticipatory of a generous response.

A good number of taggers have volunteered, but more are still needed, especially for the afternoon. Headquarters will be at 713 1/2 Street, and the room will be from 7:45 a.m. to 6 p.m.

Many churches and organizations have representatives on the committee, of which Mayor David Lees is chairman, and H. J. O'Leary is vice-chairman. The members are: Capt. W. Brown, Rev. E. F. Chalmers, Rev. G. G. Boyd, Rev. M. Lamb, F. Landsberg, F. Paulding, Rev. A. de B. Owen, J. Patterson, Dean. Quinlan, B. Schofield, H. H. Smith, Capt. Gadsden, R. F. Taylor, Rev. E. Warr, Dr. W. G. Wilson, H. T. Law, T. Abraham, Miss J. Dallan, Styles, Sehl, Mrs. R. W. Hurst, A. S. Christie and A. H. Hurdle.

The value of the institution to unemployed men of the city and district is well known, and public support for over two years has demonstrated the value placed on the by the people.

More information on the tag details can be had from the secretary, E. 6932.

**FANNING GOLD**  
Suffern, N.Y., March 14.—A miniature gold rush was underway in Rockland County to-day. About a year ago Sol Vonies found some pay dirt on his place a few miles from here, along a creek coming down from the Ramapo Mountains. Yesterday a brother-in-law, Dr. Edward Wolff, explained assay tests had shown the soil from which the gold was taken yielded \$26 worth of the metal to a ton of dirt.

## CLASSIFIED ADVERTISING

## ADVERTISING TELEPHONES—E4175, E4176

### Victoria Daily Times

MEMBER ADVERTISING BUREAU CIRCULATION

8 a.m. to 5 p.m.—Circulation... E4175  
Advertising... E4176

### CLASSIFIED ADVERTISING RATES

15¢ per word per insertion.  
Minimum charge 25¢.  
\$1.25 per line per month.  
Minimum charge \$2.50.

Marriages, \$1.50 per insertion.  
Deaths, \$1.50 first insertion and \$1.00  
thereafter.

Puneral notices, in Memorial notices  
and Card of Thanks, \$1.50 per insertion.

In estimating the number of lines in an  
advertisement, count five words for the  
first two lines and seven words for each  
thereafter. This is not an absolute  
rule to the number of lines, much de-  
pending on the length of the individual  
words.

The Times will not be responsible for  
any incorrect insertion of any  
advertisement ordered for more than one  
day. Any claim for rebate with respect  
to any or omissions made with respect  
to any days from the date of the same  
service the claim will not be allowed.

Advertisers who desire it, may have re-  
sponses addressed to a box at the Times  
office and forwarded to their private  
addresses. A charge of 10¢ is made for this  
service.

Subscribers wishing their addresses  
changed should notify this office as well  
the carrier. If your Times is missing,  
one E4175 before 5 p.m. and a copy will  
be sent by special messenger.

## HORSE WINNER WITHOUT BET

**Not a Single Wager on Old Kickapoo at Caliente; Pays Place Price of \$230.40**

Agua Caliente, Mexico, March 14.-Old Kickapoo, ten-year-old Runnymede gelding from the table of C. Lemons, won the fifth race at the Agua Caliente Jockey Club track here yesterday afternoon.

The veteran sprinter, once owned by the Canyon stable of John Coburn and Jack Dempsey, in his day was a big favorite at any distance up to six furlongs. But yesterday afternoon not even his owner thought he could beat a band of sprinters entered for \$500 in a claiming race of five and one-half furlongs. But down in front he came.

Not a mutual ticket was sold on the horse's chances to win, so the winning pool was added to that for place and the spoils divided on Old Kickapoo and those who wagered on second choice in the field of ten, to finish second.

The result was a place price of \$230.40 on Old Kickapoo and of \$7 to place on Flyfast, when the latter would have paid only \$7.20 to win. Results follow:

First race—Four furlongs, two-year-olds, claiming, \$400.  
Time, 1:30 4-5. Kinkak, Taberry and Dunes also ran.  
Second race—Four furlongs, two-year-olds, claiming, \$400.  
Time, 1:26 2-5. Seaforth, Diana Ship, Fand, Jack D. and Crystal Beauty also ran.  
Third race—Five and one-half furlongs, three-year-olds and up, claiming, \$400.  
Time, 1:40 2-5. Star Royal, Star Royal, Short Price, Black Shirt, Foreign Star, Blue Blouse, Patricia C. Fortune's Favorite and Brown Bonnet also ran.  
Fourth race—Six furlongs, three-year-olds, claiming, \$400.  
Time, 1:57 2-5. Loring, Clock, Naughty, Sunny Shot, Snowberry, Rising Hour, Rosemond H. and Elwood also ran.  
Fifth race—Five and one-half furlongs, three-year-olds and up, claiming, \$400.  
Time, 1:46 2-5. Eighth Pot, King Carrot, Portenista (Rosegarten) also ran.  
Call to Arms and Sand Boot also ran.

## Moving Pictures To Aid Club Fund

Under the auspices of the Macabees Football Club, a moving picture show will be given by Douglas Pinfitt at the Macabees' Hall, 724 Port Street, on Friday evening at 8 o'clock. A number of fine films of scenery in the northwest, including wild animal life, will be shown, together with a series of comedies. There will also be other attractions.

## Detroit Olympics Defeat Cleveland

Detroit, Mich., March 14.-Detroit Olympics kept right up in the fight for first place in the International Hockey League standings yesterday evening by defeating Cleveland Indians 3 to 2 in a swift, hard-fought game.

# THE SPORTS MIRROR

Cincinnati, March 14.—Bill Tilden and Ellsworth Vines defeated their French rivals in singles at professional exhibition Tuesday night, but lost the doubles.

Tilden conquered Martin Plaa, 3-6, 8-6, and Vines turned back Henri Cochet, 3-6, 6-3, 6-4.

The Americans lost the doubles, 6-1, 6-4.

## Anglers Will Form Chinook Club Soon

Information of the Chinook Club for buttonholders, of the Victoria Inlet Anglers' Association, will be taken place at a meeting on March 28 at 8 o'clock, at the Chamber of Commerce, Arcade Building. All members are urged to attend as the opening business is to be taken up: drawing of by-laws, election of officers for general business, and plans for coming season.

## BILLIARDS

With A. McKittrick and S. Oakes making up wins, Pro Patria defeated Elks 718 to 631 in a division of the City Billiard League, held yesterday evening. Croston led the lodgemen's lone victory.

Scores:

	Elks	Pro Patria	
Croston	250	H. Hooker	318

# Borotra Beaten In U.S. Indoor Event

French Tennis Star Eliminated By Frank Bowden, Low Ranking Player, 2-6, 10-8, 6-3; Feret and Boussus Also Fall By Wayside

New York, March 14.—France's foremost tennis player, Jean Borotra, was defeated by the United States indoor tennis champion, Frank Bowden, yesterday with the third round of the tournament. Borotra, Paul Feret and Christian Boussus on the board of the Seventh Regiment Army.

Andrey Merin was the lone representative of the tri-color to win his match against a United States opponent. The youthful French indoor champion made the only dent in the line of eight seeded Americans, taking a sound trouncing in the first set from Berkeley Bell and then going on to trounce the wily Texan.

The score was 2-6, 6-3, 2-2. Bidding for his fifth American indoor title, the Bounding Borotra's famous dynamic game collapsed before a combination of volleys and rapier-like services off the racquet of Frank Bowden, former Columbia player, nationally ranked at number twenty-four. The score was 2-6, 10-8, 6-3.

**BOWDEN INSPIRED**  
More than 2,000 spectators thrilled at the spectacle of the French Davis Cup player going down in defeat before the plucky inspired Bowden. Borotra opened the match at a terrific pace, apparently seeking to avoid another three-set affair such as he had Monday against the stubborn Ernest Kossan. Borotra's rushes met with resistance, however, and he lost two of the first three games.

Then for the balance of the set he played in his form of old and made short shifts of Bowden. Unconquered, a savage-like service Bowden struck out in the second set and virtually swept Borotra off his feet. Eight times his first service sailed across the net at such a pace that even the great Borotra could not return it. He registered five aces in the final set.

George M. Lott Jr., the veteran Davis Cup doubles player, had to come from behind to defeat Boussus. The Chicagoan lost the first set, 7-5, but slowly solved the Frenchman's game and captured the match, 8-7, 6-3, 6-3.

Feret afflicted with a "tennis elbow" made a worthy showing against Dr. Eugene McCauliffe, but the American all-round game was too much for him. McCauliffe won each set at 6-4.

Frank X. Shields, Gregory Mangin, the defending titleholder, Lester Stofen and Sidney B. Wood advanced to the quarter finals without any unusual difficulty. Clifford Sutter and Dr. McCauliffe successfully opened defence of their United States indoor doubles title against Dr. R. R. Watt and Irving Pratt, winning 6-2, 6-3. Other seeded teams came through their first round matches easily.

## Emmanuel Baptist In Badminton Win

Playing on their home courts, Emmanuel Baptist badminton players defeated Brentwood 11 to 5. Results, with Emmanuel Baptist players first mentioned, follow:

**MEN'S DOUBLES**  
G. Erikson and H. Blake won from W. Watt and J. Watt, 15-9.  
A. Miller and E. Erikson won from C. Woodward and D. Smith, 15-3.  
A. Miller and E. Erikson won from W. Watt and J. Watt, 15-11.  
G. Erikson and H. Blake won from C. Woodward and D. Smith, 15-13.

**WOMEN'S DOUBLES**  
Mrs. G. Erikson and Miss A. Gough won from Mrs. Main and Miss Beaumont, 15-7.  
Mrs. G. Erikson and Miss A. Gough won from Mrs. Main and Miss Beaumont, 15-16.

**MIXED DOUBLES**  
Mrs. G. Erikson and H. Blake won from Miss Thompson and Woodward, 15-7.  
Miss A. Gough and G. Erikson lost to Miss Beaumont and J. Watt, 9-15.  
Miss C. Boyer and E. Erikson won from Mrs. Main and W. Watt, 15-3.  
Mrs. W. Robb and A. Miller lost to Miss Maber and D. Smith, 15-15.  
Mrs. G. Erikson and H. Blake won from Miss Beaumont and J. Watt, 15-15.  
Miss A. Gough and G. Erikson lost to Miss Thompson and Woodward, 7-15.  
Miss C. Boyer and E. Erikson won from Mrs. Main and D. Smith, 15-4.  
Miss W. Robb and A. Miller lost to Mrs. Main and W. Watt, 8-15.

## LAKE HILL CAGERS TO MEET PROVINCE

In quest of the British Columbia championship, Lake Hill, city and Vancouver Island intermediate A girls cage champions, will leave tomorrow afternoon for the mainland, where they will meet the Vancouver Province in the provincial play-offs. The locals have a smart team and should make a good showing against the strong mainland quintette.

## NET TOURNNEY NEARING END

8.00—Men's Doubles Handicap  
C. H. Jervis-Read and J. M. Jones vs. W. E. Corfield and T. Simmons.

G. Phillips and C. Logan vs. R. Bagley and P. Colclough.

9.30—Mixed Doubles Handicap  
Miss P. Jackson and W. E. Corfield vs. Miss Ryan and P. Nation.

9.30—Women's Doubles Handicap  
Miss J. Campbell and Miss M. Miller vs. winners—Misses Phillips and Hughes vs. Misses MacDonald and Harris.

10.00—P. and J. Nation vs. winners of Corfield and Simmons vs. Jervis-Read and J. M. Jones.

## Track and Field Athletes Active

With the spring well under way, members of the Y.M.C.A. track and field club are beginning to limber up for the season. Several are already attending the regular senior young men's gym classes, held every Tuesday and Friday evening in the "T" gymnasium. Archie McKinnon stated this morning that he intends to work out members indoors until about the first of May, the date when the club usually comes out into the open.

There is every indication of a big season this year and invitations have already been received for meetings at Duncan and New Westminster. Joe Addison and Chuck Cunningham have been asked to take part in the big meet at Kelowna on May 24.

All members of the club who are interested are asked to see coach McKinnon, who will make arrangements with them for indoor training.

## City and Island Basketball Champions

Who have captured the city and Vancouver Island Intermediate A boys' basketball championship. To lift the British Columbia championship they won last season after a great battle here against Penitence. The Beavers will now meet the Vancouver Islanders at Vancouver in a sudden-death game for the coast championship, the winner to travel to the interior for the provincial final. Those in the above picture, from left to right, are: Back row, "Fuzz" Fraser, Ollie Goldsmith, Bill Levy, "Bean" Tubman, Ian McDonald, Harold Shepherd and Jimmy Robb; front row, "Chick" Preston, Fred Bourne, Frank Shandley, manager; Les Gordon, coach; Ken Fleming and Lorne Ritchie.

## Scottish Cup Draw Is Made

Glasgow, March 14.—St. Johnstone, will meet Glasgow Rangers and Motherwell will clash with St. Mirren in the Scottish Cup semi-finals, to be played on March 31, the draw to-day decided. The St. Johnstone-Rangers game will be played at Hampden Park and the other semi-final at Tynecastle.

## PEDEN HOLDS FIRST PLACE

Victoria Rider and Schaller Tied With Other Team in Chicago Bike Race

Chicago, March 14.—William Torchy Peden, Victoria, B.C., and Tony Schaller, Chicago youth, today shared the lead in the six-day bicycle race with Alfred Letourner, France, and Bobby Thomas, Kenosha, Wis., sprinter.

Letourner and Thomas stole three laps during yesterday evening's jamming to pull up into a tie for the top position.

Standings follow:

	Miles Laps Pts.
Peden-Schaller	917 9 154
Letourner-Thomas	917 9 75
McNamara-Lands	917 9 134
Gadour-Cash	917 8 79
Debeets-Ottewill	917 8 87
Wissel-Lehmann	917 5 175
Audy-Winter	917 2 113
Spencer-Grimm	917 2 105
Walshour-Ritter	917 1 117
Trist-Rodman	916 4 118
Keating-Hopkins	915 4 113
Leader—Peden.	

## N.H.L. TITLE PLAY-OFF SET

Toronto and Detroit Open Series on March 22 For Championship

So many ifs and buts enter the National Hockey League play-off picture as the governors have drawn it that until second and third positions are decided in both sections all those who try to figure it out can expect to be a headache.

The club heads met with President Frank Calder at Toronto yesterday and drew up a programme for the N.H.L. title and Stanley Cup series, but the fact they were in the dark about the final standing complicated things.

It was settled, however, that Toronto Leafs and Detroit Wings, division winners, will meet in the first of their three-out-of-five game series for the league title in Toronto March 22. They play in Toronto again March 24, and then move to Detroit to conclude the series with a game on March 26 and others on March 28 and 30 if they are necessary.

**University Crews In Fast Workouts**

London, March 14.—Cambridge and Oxford both had good workouts yesterday near the windup of their long stage of training for the classic boat race Saturday.

The Light Blues rowed from Putney to Hammermith Bridge, a mile and 1,180 yards, in 7 minutes 27 seconds, three seconds faster than Oxford's time for the same distance Saturday.

Oxford rowed from Hammermith Bridge to the mile post in the afternoon, a distance of 1,340 yards, in 2 minutes 57 seconds, three seconds outside the record for the distance.

## Howie Morenz Still Considered Fastest Player In Big Time

Veteran Centre of Montreal Canadiens Voted Fleetest Skater in National Hockey League; Conacher, Jackson and Primeau Best Forward Line; Eddie Shore Greatest Box-office Attraction

By Elmer Dulmage, Canadian Press Staff Writer

Toronto, March 14.—A dozen years of campaigning behind him, Howie Morenz is still the fleetest hockey player in the National League when the aging comet of Montreal Canadiens turns it on. This is one decision reached by Canadian and United States sports editors in N.H.L. cities who voted on a poll conducted by the Canadian Press.

There was a wider divergence of opinion as to the fastest skater in the circuit than on any of the four other questions the writers were asked to decide. Nearly a dozen younger stars were asked to decide. Nearly a dozen younger stars were asked to decide. Nearly a dozen younger stars were asked to decide.

But the Canadian centre, the youth they called the "Stratford streak" when he jumped into the National League twelve years ago from Stratford's intermediate team in the Ontario Hockey Association, is still the peer of them all.

He received ten votes out of a possible thirty-three, double the number received by the closest of his challengers, Harvey Jackson, Toronto Maple Leafs.

**BEST FORWARD LINE**  
With greater unanimity, the newspapermen voted that the best forward line in the N.H.L. is made up of Charlie Conacher, Jackson and Joe Primeau of the Leafs. The league's leading scorer, Conacher, packs the hardest shot of any player, they said. The best stickhandler is "Aunt" Jody, who has been Morenz's sidekick over a stretch of a dozen years, and Eddie Shore of Boston Bruins is the game's greatest box-office attraction.

The writers heaped up their ballots for the Toronto "kid line," for Jody, Conacher and Shore. Chief concern

HOWIE MORENZ

troverly centred around the question of speed. In the minds of most of the voters it was probably a question of whether the younger gen-

## Thirty-four May Start in Classic

Liverpool, March 14.—Thirty-four horses were named to-day as probable starters in the Grand National, greatest steeplechase in the world, to be run over the girls' cage champions, will leave course at Aintree on March 23.

## SOCCER LEAD IS AT STAKE

West to Battle Thistles in Football Feature Saturday; City Play Esquimalt

The coveted top berth and the lowly cellar position will be at stake in Saturday afternoon's Victoria Coast—Football League fixtures. Victoria West and Saanich Thistles, joint leaders, will battle for the leadership at Heywood Avenue, while Victoria City and Esquimalt, joint cellar occupants, will meet at Beacon Hill.

Both matches will start at 3 o'clock. Dave Swan will referee at the hill and Percy Shrimpton at Heywood Avenue.

Only one fixture will be carried in the second division. This will bring together Victoria West and the Saanich Thistles in a play-off match for the championship of the first half of the schedule. In their previous fixture the clubs battled to a 3 to 3 draw. The kickoff is set for 2:30 o'clock in case overtime is necessary to decide the issue.

## FIELDER JONES DIES SUDDENLY

Former Leader of Chicago White Sox in Their "Hitless Wonder" Days Passes

Portland, March 14.—Fielder A. Jones, former big league baseball player and manager of the "hitless wonders," Chicago White Sox, died yesterday from heart inflammation.

The baseball master, who developed such players as Ed Walsh, Doc White, Nick Altrock, Tip O'neal, Roy Patterson and others, died in his sleep late yesterday afternoon, a week after he was taken to a hospital. He was 62.

His last years were spent in retirement at his home here, near the scene of his first baseball conquests. His first professional baseball was in the now abandoned Oregon State League in 1893.

Under the dynamic leadership of Fielder the White Sox first arose to greatness in baseball and demonstrated conclusively brains and speed could match brawn in sports.

**INTRODUCED SPEED**  
Fielder introduced speed, psychology and daring into the game. As the club went on to win the American League pennant under the leadership of Fielder in 1906 and then crushed the haughty Chicago Cubs in a world series upset, the White Sox fans got their first big thrill.

"A White Sox rally," they described, "is a base on balls, a sacrifice, a stolen base and a long fly."

The Fielder piloted the White Sox for five seasons, replacing Jimmy Callahan in 1904 and running the team through the 1908 campaign. Under his five years of leadership the White Sox won one pennant and a world championship, finished second once and landed third three times.

Ross, lightweight champion, will meet Kid Moro, Philippine, in a ten-round bout here to-night. The Chicago boy's title will not be at stake. Ross will step into the ring as an overwhelming favorite. The Philippine showing in this country has not been impressive, although he formerly held the lightweight title of the Orient.

## Light Support At Winnipeg Wheat Pit Pushes Prices Down

Canadian Press  
Winnipeg, March 14.—Continued liquidation, presumably from large interests, pushed wheat prices lower on the Winnipeg Grain Exchange to-day. The closing found quotations 1/4 cent off.

The market showed little recuperative power and final figures were at the low points. May delivery closed at 85 1/2, with July option quoted at 85 1/2.

The selling was of the same character that swept the market lower Tuesday. Support was light except at the low points.

Export sales were disappointing. Trading was rather spasmodic.

Chicago wheat was comparatively firm. Earlier they were up about 1/2 cent. Liverpool wheat was about unchanged.

Cash grains were dull with spreads unchanged, while coarse grain commodities sagged with wheat.

Canadian Press  
Chicago, March 14.—Aided by increasing reports of bullish crop conditions, wheat values moved upward to-day, but later the rise subsided. Wheat closed easy, unchanged to 1/4 lower; corn 1/4 down; oats 1/4 up, and provisions unchanged to an advance of two cents.

## SILVERS WEAK AT TORONTO

Canadian Press  
Toronto, March 14.—Mining issues on the Toronto board to-day were active but mostly little changed. Silvers weakened a trifle.

Senior golds backtracked, but

firmly near the close. Lake Shore, Dome, Teck, Hargreaves, and Hollinger were unchanged. Bralorne at 12.00 was up 25 cents and Pioneer off 5. Kirkland Lake featured secondary golds, adding 9 to 68.

Noranda slipped a little. Eldorado slumped 10 cents to 3.85. Nipissing lost 13. Home Oil, Ajax and Calgary and Edmonton edged higher.

LONDON METALS  
London, March 14.—Closing: Copper, standard spot, £23 15s; future, £23 15s; Tin, spot, £22 17s 6d; future, £22 17s 6d; Lead, spot, £11 12s 6d; future, £11 12s 6d; Zinc, spot, £14 15s; future, £15 2s 6d.

### Canadian Press

New York, March 14.—Interest in stocks was only lukewarm to-day and most of the leaders did little more than hold to a fractional price range. A few issues, including the rails, were fairly firm. There were also scattered soft spots.

The close was steady.

Transfers approximated 1,350,000 shares.

Predominant bullish sentiment appeared to be tempered by caution. Washington developments, including efforts to settle various strike problems, apparently were the principal market influences.

Bonds again advanced. Wheat did a little better.

Minor fluctuations occurred in Dominion securities. Dime was lower but shares of McIntyre, International Nickel and Canadian Pacific were steady. Hiram Walker was steady but Lake Shore yielded a fraction.

Canadian Government bonds advanced half a point. The Canadian dollar was 1-16 cent lower at 99.93 cents.

Among rail shares up around a point were Santa Fe, Union Pacific and New York Central. Liggett and Myers gained two. Douglas, Sperry, Curtis Wright and Wright Aeronautical firmed fractionally to around a point. Consolidated Gas and some of the other power stocks were up about as much. Case, Chrysler, Western Union, General Motors and John-Manville were moderately higher. American Telephone, ex-dividend, was virtually unchanged, as was U.S. Steel.

### Toronto Oils

### Strong To-day

Canadian Press

Toronto, March 14.—Apart from a momentary break in construction shares upon rejection of the St. Lawrence Waterway Treaty, industrials to-day were orderly on the Toronto board. Canada's oil stocks sagged 5 and Canada Cement 2, but both recovered partially.

Ford A gained a fraction. Walker common added 1/4 at 47. Alcohol was unchanged and Distillers Seagram off 1/4 to 20 1/2. Utilities were off, except Beauharnois up 1 to 8 1/2, and Union Gas up 1 1/4. Page Hery lost 3 1/2, Dominion Bridge 1. Oil was strong and banks irregular.

### PRICES LOWER AT MONTREAL

Canadian Press

Montreal, March 14.—With the construction group leading the way, listings on the Montreal Stock Exchange worked lower to-day.

Canada Cement common lost 1 1/4 at 8 1/4 and the preferred 2 1/4 at 42 1/2. Dominion Bridge lost 1 1/4 at 33. Quebec Power and Canada's Northern Power both lost about a point, while Smelters rose 1 1/4 at 168 and Dominion Coal preferred 5 1/4 at 50 1/2.

## FOURTH DEGREE

A Mystery Novel

By K. S. DAIGER

(Copyright by Macrae-Smith Company)

We heard him enter the front door and start up the stairs.

"Who's there?" shouted Anderson, in a voice that lacked all tone of welcome.

"Judson!" The voice was unmistakable.

"Hell, growled Anderson. "I guess we might as well call off our afternoon's work. Can't do anything with that sap around."

We could hear Judson coming up the steps whistling very much out of key, "I Can't Give You Anything But Love, Baby." He appeared on the landing with his hat cocked on the back of his head, his hands in his pockets, looking for all the world as if he were looking for one of the other of us. His sallow countenance was beaming.

"Discovered anything?" he asked.

"No," snapped Anderson. "We have just come out here to have tea with the spirit of the departed. I suppose," he added sarcastically, "that you have cleared up the whole mystery!"

"Yes, I have," replied Judson, smiling. "A fine bunch of detectives you have turned out to be." He flipped the ashes off his cigar upon the hall rug and walked past us into the bedroom.

"Sit down, boys; make yourselves comfortable while I tell you a little bedtime story. A pretty good setting, eh?"

Judson seated himself on a cedar chest in the enclosure of the window while we selected two of the thin-legged chairs that adorned the chamber. Inspector Anderson lost confidence in his chair as soon as he touched it and left it for the more substantial lounge. Judson watched him, smiling broadly, just as though he had the inspector at last where he wanted him.

"Come on, out with it," snapped Anderson, whose nerves were ragged, "that is if you really have anything of value to add to the case. We can't waste time on nothing."

"Well, inspector," began Judson, "I have found the murderer! Maybe if you have some sex appeal you really should keep up with the ladies, inspector. It pays."

I could see that Anderson's patience was just about at an end. He bit off the end of a cigar savagely and struck two matches before it was lit.

"Come on, Judson, damn it! We have work to do. If you have anything, spill it. If not, for God's sake, shut up and clear out."

"All right—all right. Get an earful of this," Judson leaned forward on the chest and dropped his facetious manner. "You have one of those cigarette butts you found in the cellar, haven't you?"

Anderson nodded.

"So have I, rouse and all. But you overlooked the value of the matches. That's all the difference between a good detective like myself and a bad one. You say that Mrs. Phelps and that guy Cleveland were hiding in the basement, sitting down there smoking cigarettes. You're all wet. They didn't go down the basement. Ladies and gentlemen don't do things like that. Besides if they left Mrs. Paige at eleven-thirty or twelve, how in hell could they have smoked nearly a package of those cigarettes between that time and the hour when Paige came home? Maybe you noticed that there were exactly nineteen butts. But only a couple of matches. Whoever was smoking knew enough to keep the blaze down and light one cigarette off another."

"I don't suppose you noticed," interrupted Anderson, "that both Mrs. Phelps and Mr. Cleveland use lighters?"

"That's just what I have noticed, old boy," replied Judson triumphantly. "Then why would they use a match, not only the kind you find in penny matches, but the large ones that are generally used around kitchens and furnaces? Answer that for me."

Inspector Anderson grew serious. "You got me there, Judson," he admitted. "What's the dope?"

Judson assumed an air of complete victory. Leaning back against the dainty curtains that hung gracefully on either side of the window, he flipped the ashes from his cigar once more on the rug.

"That's where sex appeal comes in," he answered. "You both know Tilly, the Phelps's maid. She's not a bad little chicken if you stop to look her over. She's got 'er all right—sort of plump but—well, you are both men and I don't have to explain. The first time I saw that dame I noticed nicotine stains on her fingers. From that I gathered that she smoked. That's logical, isn't it? And I know damn well that no maid will buy her own cigarettes if there is any chance of her striking some that belongs to her missis. . . . That's just what Tilly done. Working on that clue I determined to pay a call on the little girl friend."

"One afternoon—that was yesterday when I knew the missis was out—I strutted up to the house and invited myself in. . . . Now I ask you men, if you look me over, that I'm not too hard on the eyes, am I? Put yourselves in Tilly's place and think it over. She was all alone in the house and it was her chance to blame the thing on the Phelps woman and throw me off the trail. . . . But I knew better. . . . She says at first as how her missis wasn't at home, but she didn't try to invite me out. 'All right,' I says, 'I'll talk to you.' She strutted around about not knowing nothing about anything, but I tells her to go back to her work in the kitchen and I'd come along and help her."

"I ain't telling all that went on in that kitchen, but it wasn't long before Tilly was ready to tell me anything. While she was hittin' around about how suspicious Mrs. Phelps had been actin' of late and how you couldn't believe everything she said, I was doing some looking around myself. First thing I looked into was matches. I was kind of stumped when I saw nothing but one of those little penny boxes on the stove."

"Back of 'em on the window sill, however, was the top of a can partly hidden by the curtain. I pulled it out to put my cigar ashes in and, by golly, there were a bunch of matches. In it, some of them small ones from the penny box, but there were others just like the one I found in the basement of this house. There were a lot of butts of the same fancy cigarettes, too."

"Well, during the conversation I told Tilly how pretty her lips were. . . . You know how it works into a conversation of that kind, eh?"

Her lips were bright as scarlet. . . . She ought to have been a matchmaker. . . . That's all right and says, 'You should have a match with me. The matchmaker uses them. Then you'd see something worth lookin' at.' You tell me, I says, and right away I knew I was on the right track."

"So I suggests as long as the madam was out that she might as well show me how pretty she really could be. No woman can resist a challenge like that, you know. So she poked around in the table drawer and brought out one of those red-orange sticks, just exactly like the one I found on the cigarettes downstairs."

Judson paused to let his findings sink in.

And how they sank!

Captain Andy sat on the bed in a daze. I looked from the inspector and back again at Judson in utter disgust.

"Why in hell didn't we discover that?" I thought.

But personally my opinion of Judson as a detective went up several hundred points as much as I despised everything about him. The boy was clever! He knew it and we knew it, for me."

(To Be Continued)

## Uncle Wiggily's Maple Wax

(By HOWARD E. GARIS)

"Stand back now! Don't get too close!"

Uncle Wiggily shouted these words to a crowd of animal boys and girls who were thronged about him as he was getting ready to pour out the maple sugar.

"If you get too close you'll be burned!" warned Mr. Twistytail, the fat pig gentleman.

"Oh, I wouldn't want that!" said Baby Bunty, the orphan rabbit, who, with many of Uncle Wiggily's other boys and girls, had come to stay with him at the woodland sugar camp while the sweet stuff was being made from boiled sap out of maple sugar trees.

"I should say you wouldn't want to be burned by hot maple syrup!" growled Mr. Stubbytail, the jolly bear gentleman. "Even with all my thick shaggy fur I wouldn't want any hot syrup to splash on me!"

"We'll keep back, Daddies!" said Jingle, politely.

"I guess the maple sugar be ready to eat!" asked Jangle, who was Jingle's twin sister.

"Oh, very soon now, when it is cool," answered Uncle Wiggily, who was dipping the hot, boiling sap out of a big kettle hung over a blazing fire of wood. "Keep back now!"

"I guess the Bob Cat wishes he had kept back!" barked the Pulley Dog, who had been brought to the sugar camp by Mr. Longears to guard the animal children from the Bad Chaps.

"Hold on! I guess he's laughing at you!" said Uncle Wiggily, who read how the Bob Cat tried to nibble Uncle Wiggily, but the rabbit gentleman then shot maple syrup on the Bad Chap's nose and made him run away.

"Now I'm going to pour out the hot syrup into the pans where it will harden into brown maple sugar," said Uncle Wiggily. "So stand back, everybody!"

Everyone kept back out of the way. Near the boiling kettle were several broad, shallow pans set in the March snow to cool. The pans were also greased so the sugar candy would not stick to them.

Carefully Uncle Wiggily poured one dipper of syrup after another into the pans until each one was filled.

"Now keep a-y from them until they cool," warned the rabbit uncle.

"Can't we have any of the sweet stuff to eat until that sugar gets cool, Uncle Wig?" asked Baby Bunty.

"Oh, yes, answered Mr. Longears, "I can make you some maple wax."

"How do you make that?" asked Jackie Bow Wow. The little puppy boy with his brother Peetle had been invited to Uncle Wiggily's sugar camp.

"To make maple wax," explained the bunny gentleman, "I take a little of the hot syrup out of a kettle. I pour the hot syrup on some clean snow. The cold snow cools the hot syrup in a short time but it does not get as hard as the sugar in the pans. Maple wax is about as soft as chewing gum but it is much more sticky. Be careful when you eat it."

"Oh, are we going to eat some maple wax?" asked Buster.

"Yes, I'll make you some," promised Uncle Wiggily. He dipped some more of the hot syrup out of a kettle and poured little round dais, like baby pancakes, on the cold, clean snow.

"Now don't touch them," Uncle Wiggily told you, "said Uncle Wiggily. 'I'll give the word when you may eat some.'"

Uncle Wiggily, with his friends, the fat pig and the shaggy bear, went off in the woods a little way to make sure the Bob Cat wasn't coming back. The animal children stood in a circle in the snow around the place where the brown spots of maple wax were cooling.

"Yum-yum! That looks good!" whined Jackie Bow Wow.

"But we mustn't take any until Uncle Wiggily says we may," warned his brother Peetle.

"No, I s'pose not," agreed Jackie.

"Let's play tag until Uncle Wig comes back and says we may take some maple wax," said Baby Bunty, to the game of tag was started and when it was almost over, Uncle Wiggily came back from the edge of the forest. He had not seen the Bob Cat. But as soon as he looked at the globe of maple wax the rabbit gentleman cried out:

"Somebody has taken one!" And it was true. One of the small brown pancakes was gone. "Who took it?" asked Uncle Wiggily.

All the animal children began to shout: "I didn't! I didn't!" But Jackie Bow Wow didn't say a word. He couldn't. He couldn't open his mouth. It was because he had taken a piece of maple wax when no one was looking and it had stuck his teeth together. Uncle Wiggily knew it.

"Jackie, I'm sorry you did that," said the rabbit. "As a punishment, you shall have only the wax you took. Everyone else shall have two pieces." So Mr. Longears passed out the maple wax, and Jackie was sorry.

And if the safety pin doesn't take the doll's hair ribbon to make a cat's cradle for the apple pie, I'll tell you next about Uncle Wiggily's candy store.

## Gives Good Advice

## To Those Past 40

A big percentage of men and women of mature years are troubled with bladder and kidney weakness, causing backaches, headaches, nervousness, frequent night rising and burning irritation throughout the day. These conditions not only make life miserable, but they sap vitality, undermine health and frequently lead to most painful operations. In an effort to swiftly relieve even the most obstinate and distressing of these conditions, there is offered the prescription of a well known physician, successful in private practice for over 40 years. This private treatment is known as "Uratone" and any drug can supply. All who need such a medicine are invited to try "Uratone" on a guarantee of satisfaction or money back on the first box purchased. (Adv.)

## ONE FOOTPOWER TRANSPORTATION

—won't get you very far

If you want to get to some distant point, and get there within the shortest space of time, the best way to do it is to travel by "COACH LINES."

Three round trips to Nanaimo daily—two round trips to Courtenay and Port Alberni—make "COACH LINES" service the most convenient on the Island.

**VANCOUVER ISLAND COACH LINES LTD.**

Emma Alexander, sailing from Seattle, 5 p.m.; due Victoria 10 p.m.; to sail for California ports at midnight.

## INQUIRE INTO SHIP MISHAP

U.S. Admiral Says Chicago-Silver Palm Collision Might Have Been Much Worse

San Francisco, March 14.—Vice-Admiral Harlan Loring told Federal Judge Harold Louderback yesterday that if the U.S.S. Chicago had failed to reverse its engines last October 24 when it saw the British motorship Silver Palm bearing down on it from a fog bank, the loss of life would have been much greater than the three fatalities resulting from collision of the two ships.

Admiral Loring was one of the government's first witnesses in the trial of libel actions totaling \$500,000. He said that had the Chicago kept going ahead, the Silver Palm would have struck it amidships, crashing into the quarters of members of the crew, who were then eating breakfast.

He told of efforts of the Chicago to evade the Albion Star, the alleged mystery ship, off its starboard bow, and said that as the Chicago resumed its course the Silver Palm headed out to sea, crashed into the quarters of members of the crew, who were then eating breakfast.

Small wooden models of the two ships were introduced in evidence at the start of the trial.

## FOREIGNERS WIN RACES

France, Spain and Italy Conquered Other Teams at Palm Beach

Palm Beach, March 14.—Flags of three foreign nations waved from the victory staffs of the Palm Beach Yacht Club yesterday as France, Italy and Spain conquered American and other foreign opponents decisively to end the second series of the international motor boat regatta.

With Horace Tennes of Northwestern University, ace of the American team, battling a stubborn motor, it remained for Philip Ellsworth of Big Moose, N.Y., a Bucknell junior, to garner for the United States the empty honors of third place in the two class X outboard heats.

The long anticipated pitting of the Italian lire-American gold cup craft proved a run-away for the twelve-litre lire boat of Italy with Antonio Becchi driving his slim, white metal boat over the eight-lap, twenty-four statute mile course in 27:35.1-5 for an average speed of 52.22 miles an hour.

Becchi, whose best time was in the seventh lap where his supercharged motor sent propellers churning out 52.75 miles an hour, crossed the finish line nearly a fifth of a mile ahead of the Delphine IV, owned by Horace E. Dodge of Detroit and driven by Wm. McIlroy of Newport News, Va.

The Imp, driven by its owner, John M. L. Rutherford of Port Washington, N.Y., finished third. Horn's average speed was 51.61; Rutherford's, 48.8.

The Marquis de la Gandara opened the field day for the foreigners by winning the second heat of the second series of class X races with an average speed for the six-lap, ten-mile course of 39.88 miles an hour.

Capt. Jean Dupuy of the French team, who has already qualified for the finals of the international outboard competition next Sunday, by a victory in the first series, raced at New Smyrna, followed Gandara close across the finish.

A third tri-color entrant, Baron Alain de Rothschild, dropped out of third place in the fifth lap when he suffered a minor back injury as a

The Mogami Takes the Water at Kure, Admiral Prince Hiroyasu Fushimi Acting as Proxy For the Emperor; Will Be Most Powerful and Formidable Ship of Her Class Afloat

Kure, Japan, March 14.—First of a new type of warship, Japan's new cruiser Mogami was launched with great ceremony here today.

National distress over the tragic accident to the torpedo boat Tomozuru, which overturned during maneuvers with 118 officers and men aboard caused no change in the launching programme.

Admiral Prince Hiroyasu Fushimi, chief of the naval general staff, acting as proxy for the Emperor, was the most distinguished member of the throng that crowded the navy's dock here to see the new cruiser take the water.

The Mogami, laid down in October, 1931, is an 8,500-ton "light" cruiser, first of class of six, either building or projected for early construction.

When complete, eighteen months or two years hence, she will be the most powerful and formidable ship of her class afloat. The London Naval Treaty divided cruisers into two sub-categories, Class A being those carrying guns of more than 8 inches calibre and not more than eight inches; and B class, those carrying guns of 6.1 inches or less.

The displacement limit is 10,000 tons for each sub-category. The Mogami is the first B class-cruiser Japan has built since the London Treaty was included and she represents the utmost effort of the builders to cram every ounce of power into the limits set.

Her main armament will consist of fifteen guns of 155 millimeters (6.1 inches), the absolute limit permitted her class and the latest word in naval artillery design, arrayed in five triple turrets.

Naval experts of other nations have expressed doubt that the Japanese could put such gunpower on such a small displacement but the Japanese are confident they have done it.

The Mogami's secondary armament will consist of eight five-inch anti-aircraft guns, six machine guns and twelve torpedo tubes, far more than any other vessel of her class now carries.

She is designed for a speed of thirty-three knots. She is 625 feet long, only five feet less than the length of the Maya, newest of the Japanese A class cruisers, and fifty-nine and one-half feet in beam, only five feet less than the Maya.

Her engines will develop 90,000 horsepower, 10,000 less than the Maya. Her cost is estimated at \$14,000,000, or about \$1,500,000 more.

The Japanese Navy plans to have four of the Mogami class completed before the end of 1936 when the London Naval Treaty expires.

Three Russians, Going to Bering Strait on Rescue Expedition, Reach Coast

Spokane, Wash., March 14.—Three Russians—two fliers and a geographer—who will fly over the Bering Strait to rescue a scientific party marooned on the ice, passed through Spokane yesterday evening en route to Seattle.

Speaking little English, they tried, between change of cars, to explain their plans for removal of eighty-nine persons from the cracking ice floes.

Mauritz Meyner, and Sigmund Levonewski, aviators, and Prof. George Ushakov, geographer, will go to Seattle by boat and to Fairbanks by rail. From Fairbanks, where Pan-Am planes will be at their disposal, they will fly out over the frozen wastes in search of the camp established by the marooned party when the steamer Chelouskian sank February 19.

Prof. Ushakov said he spent seven years on Wrangel Island, which is northwest from the party's camp. The marooned members will be ferried, about eight to a load, to Cape Zach, on the easternmost tip of Asia. From there they will be taken by boat to Vladivostok.

The rescuers will obtain polar outfits at Seattle, Slepnev said.

safety strap broke, and Ellsworth regained the place Rothschild had taken from him in the fourth lap.

The teams will be made up of four large cruisers from the United States and a similar number from Canada.

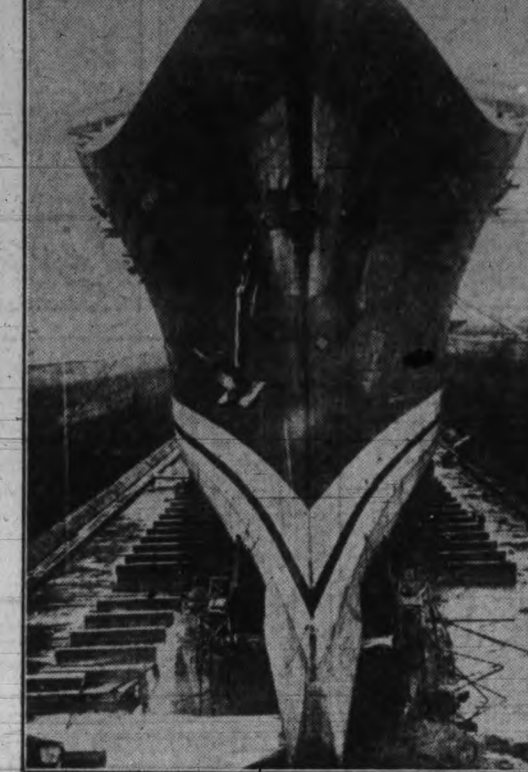

The race will be run over a thirty-mile triangular course in the Gulf of Georgia, ten miles to a leg.

A. E. Jules of Vancouver has donated a trophy for the event, which will go to the team making the highest number of points. Points will be awarded on a graduated basis with eight for the boat finishing the course first and one for the vessel finishing last.

Prominent among the entries mentioned for the event are the Westward Ho, the Minerva and the Circe, the Angelica and the Gwendolyn of Seattle.

## WORK ON FRENCH SHIP GOES AHEAD

The French liner Normandie, which it is hoped will take Atlantic speed laurels for France, is shown above in the graving dock at St. Nazaire, for the fitting of propellers and the removal of the launching cradle, which may be seen with the necessary scaffolding for its removal. Note the size of the workmen on the floor of the dock.

The French liner Normandie, which it is hoped will take Atlantic speed laurels for France, is shown above in the graving dock at St. Nazaire, for the fitting of propellers and the removal of the launching cradle, which may be seen with the necessary scaffolding for its removal. ## CRUISE SHIP HELD AT DOCK

Passengers Start to Leave Gelria at Buenos Aires, When Ship Fails to Sail

Buenos Aires, March 14.—A proposed ten-month world tour of the Argentine Transoceanic Exposition appeared to-day to be permanently stuck in Buenos Aires harbor. For the third successive day, the liner Gelria, which was scheduled to sail March 11 with 100 passengers, has remained tied to her dock on orders from the port master.

Yesterday, President Justo's cabinet, after long discussions, withdrew its official support from the venture, declaring the government's good faith had been imposed upon by the organizers of the tour.

To-day passengers began abandoning the vessel, assuming she will not sail. Police denied rumors that her departure had been held up because there were gamblers and gaming devices aboard, but yesterday morning several buccanary tables were taken ashore, while passengers cheered, assuming their removal meant the ship's imminent departure.

Other rumors said the floating Argentine fair was confronted with unexpected financial difficulties. The steamship line which leased the boat to sponsors of the project said its fee had been collected, but other reports that the sponsors were seeking a further loan to carry out the venture gained credence when the Minister of Finance promised to make an announcement shortly regarding the vessel.

The government had an exhibit and a similar number from Canada. The race will be run over a thirty-mile triangular course in the Gulf of Georgia, ten miles to a leg.

A. E. Jules of Vancouver has donated a trophy for the event, which will go to the team making the highest number of points. Points will be awarded on a graduated basis with eight for the boat finishing the course first and one for the vessel finishing last.

Prominent among the entries mentioned for the event are the Westward Ho, the Minerva and the Circe, the Angelica and the Gwendolyn of Seattle.

The teams will be made up of four large cruisers from the United States and a similar number from Canada.

## SAILS SOUTH THIS EVENING

San Francisco Banker Will Start 34th Voyage Aboard Ss. Emma Alexander

Bound for San Francisco and Los Angeles, the Ss. Emma Alexander of the Pacific Steamship Lines will sail from Rietz Pier at midnight with a good list of passengers and a heavy general cargo. Capt. G. A. Harris will be in command.

Passengers booked at the local office for to-night's sailing include Miss Margaret Johnson, M. T. Gilne, Miss Ethel Bale of Victoria, going to visit her brother in Palo Alto; Capt. W. J. C. Johnston, N. J. R. Croden, and Mr. and Mrs. E. G. Peters.

Starting his thirty-fourth voyage aboard the Emma Alexander, Lee Crawford, assistant trust officer of the Wells Fargo and Union Trust Company of San Francisco will sail this evening. Mr. Crawford has made seventeen voyages between California and the north-west and always chooses the Emma Alexander and the same cabin.

Arrivals from Vancouver this afternoon by the Ss. Princess Alice to join the Emma at this port include Miss Anita Springer, Mrs. Laura Karsted, Mrs. Mary Phillips, Miss B. L. Phillips, Mr. and Mrs. A. M. Escallé for San Francisco; Mrs. Mabel Scott, Mrs. Ethel Snowball, Miss Lois Scott, Mrs. H. C. Cowdry of Regina, Mrs. A. Lester-Taylor, Miss Elizabeth Logan for Los Angeles and W. M. Corbett of Edmonton and A. F. S. Tatum of Vancouver will continue through to San Diego by the Ss. Admiral Peoples.

Due here to-morrow evening, the Ss. Dorothy Alexander sailed from San Francisco yesterday afternoon at 5 o'clock. She will arrive about 9 o'clock to-morrow evening.
